

Octavia Nadine Spencer

Tavvy

I can't be bothered writing something that's nice to read, so excuse the poor English.

Name: Octavia Nadine Spencer

Nickname: Tavvy

Date of Birth: 10th of November 2000

Star Sign: Scorpio

Voice Claim: Blake Belladonna - RWBY

Skill Set:

- Professional Street Fighter
- Excellent shot in Archery
- Basic Firearm knowledge and shooting techniques
- Knows basic knife-wielding. (Can throw a knife but only a 35% chance of hitting the target)
- Lithe and quick on her feet.
- Agile
- Slightly above-average intelligence.

Personality: Tavvy has quite a sarcastic attitude and usually does not do well with authoritative figures (Unless she chooses to get along with them) She usually uses a bitchy stuck attitude to mask her kind side. She does swear but not too often. She can be a bit hot-headed and fiercely protective of the ones she loves. She can be a bit materialistic and snobby at times (This is part of her former life) and is usually always overly confident that she will win at something. If she doesn't like you, she will let you know and she isn't afraid to punch you in the face if you disrespect her. She is also bisexual.

Long Story Short: Her mother kicked her and her dying dad out. She became involved in street fighting, drug dealing and thieving to pay for medical bills. Odin found her and she became a part of the underworld.

Please note that with Tavvy being part of the underworld, she does some pretty dark stuff. This may include Drug Dealing, Street Fighting, Raids, Murder and torture.
