
PLOT RUNDOWN

Rin got Rock Lee as a Secret Santa recipient and one of his requests was DEEP AND HEARTFELT MUSIC because he's Rock Lee. I spoke to the player already and he's down with this so! What Rin wants to do is gather up some people to sing for him at Natalia's winter ball party thing because it'll be fun and really heartfelt then if they do it live. So she's had Archer stake out some of his close CR and Saber (hopefully) approaching them all in order to ask if they will help with this. That's where you all come in.

PLAYER LEGEND

This is the list of characters from Gore of people that Rock Lee associates with a lot and are the ones who should be receiving messages with links to this document:

PLOTTING

Hello everyone and thanks for checking out this plotting doc. This is Rin mun, feel free to grab a color and plot along with. Quick questions:

1. Do you want to do a rehearsal free for all log for everyone to just kind of mingle or handwave the practice?
2. How should we do the actual thread at the ball? I was thinking a pre-written top level with a couple of songs played out and then mingle/deal with fallout after myself, though any other suggestions would be great.
3. WHAT SONGS?? :D ~~In before Taylor Swift.~~

(Mai/Ai Thao) Hi! A rehearsal log sounds fun, but taking RL into consideration, I think I prefer hand waving, but an actual thread at the ball would be fun and appropriate.

Song suggestions:

Dancing in the Moonlight (King Harvest)

Raise Your Glass (P!nk)

I 2 I (Tevin Campbell aka that song from A Goofy Movie god I'm a dork)

Derp Derp Caleb/Archer

No good with songs but top levels are A-OK with me. I would be up for much of anything, really.

Adi / Jaune F'ing Arc

I don't have anything to contribute yet, I'm just reserving ORANGE!!!! But I am pretty much down for anything, and I like Mai's suggestion for Raise Your Glass because it seems like a fun group song. :D Handwaving the rehearsal would also be preferable because of time constraints, but I'm not fussed!

SONG SUGGESTION:

We Are Young - Fun (if it's a song about youth and love...)

Eq / Naruto

Song-wise there's probably none Naruto will know because haha ihni what kind of music exists in Konoha, but I'm fine with the top level and mingle. I'm ambivalent with the rehearsal log since shenanigans.

Nikki/Athena

I'll claim a colour later DIBS ON ORANGE (I'm on mobile atm)

I'm down with a top level for the event itself, too.

As for the songs, Athena would ICl suggest some 1d song or Little Mix I'LL COME BACK

LATER --get out. goddamn adi stop stealing my thunder

OKAY I'M HERE NOW. Also down for handwaving the rehearsals since it seems a bit too late now.

They should all probably sing what's "cool" right now.

Lena/Weiss

Hey! So Weiss hasn't responded to Saber's text yet, but she will eventually want to help out (ANYTHING TO MAKE SECRET SANTA SUCCESSFUL plus lee is p aight according to her book). I have no song suggestions, but I will submit that Weiss is canonically a talented singer so if y'all need someone to reach any high notes, she's your gal. :')

Amy/Vietnam

I need to reply to the text too! Thanks to it being obscure right now, Vietnam will accept haha.

She's pretty shy about singing up on stage (karaoke is a different story), but seeing as this is a gift for a friend, and plenty of other people roped into it too, she'll suck it up and do it. She'll also just fly with any idea that's suggested too (don't let her pick, she'll probably be like, aren't all the "cool youths" into kpop or something nowadays. So everyone does Gee, dear lord. [she won't make a suggestion unless needed anyway])

--- also up for a mingling thread in the ball log!

Ashley/Saber

Hopefully I didn't bother anyone by having Saber message them~. She also went and decided to add some of her own friends/contacts too because I felt like it. There's no rush and/or necessity on replying to her if anyone'd rather not, but I'm totally happy for her to get new CR! I imagine some people might wonder how the hell someone like Rin has someone like Saber as a Servant. :D

Olga/Flynn

SO Saber messaged Flynn and he will blindly agree to it and yeah you guys got yourself a pretty awkward blond boy in on this. Really, this just sounds like a great hilarious thing and thank you Saber player for inviting me! I am game for rehearsal stuff and whatever else. As for songs, I got nothing right now BUT I WILL THINK ON IT. No problem! Knights stick together.

Len/Inaba

I'm definitely okay with any song personally, and she's definitely going to go for it, albeit somewhat reluctantly because working in groups?? What's that. I have no personal suggestions right now but I'm up for pretty much anything. Inaba's singing range is more on the deeper side

of the singing spectrum (she's probably an alto) so she won't be picking up the melody for you losers :')

Mio/Anna

There's no way that Anna is going to miss this, of course she'll accept this task! She was planning on singing for Natalia anyway so this won't be a problem for her! I don't really have any suggestions right now but I'll think of something soon! Oh I'm good with handwaving or not with the dress rehearsal log.

Ki/Mabel

Mabel is definitely in on this and I'll reply to the text when I wake up a little more. But I'm game with rehearsal and a top level definitely. As far as songs go I have no idea I keep thinking of GF's knock off songs right now so I'll just come back later with ideas instead. Nobody wants to sing "Don't Stop Unbelieving"

Angel/Tieria

Tieria will respond to Saber message but he doesn't know any songs and he's not type to participate in this sort of things either. But he will at least show his face and wish Rock Lee Merry Christmas. If someone can pester him into joining the choir, he will, reluctantly and he sings... ok? Regular karaoke level? 8D Handwaving practice will be ideal because of time constraint.

Oozaru/Maribelle

Maribelle's name isn't on the list up there but she got a message from Saber so I hope this is okay? I don't have many ideas as far as songs go but Maribelle can play the violin if she can get her hands on one and would happily provide musical back up! She likes an excuse to show off and it gives her something to do that she's actually competent at. Saber just thought she'd be interested!! Gonna just say Rin's okay with the violin since otherwise Idunno how to answer that tag haha.

Katar/Kuzuryuu

I'm going to respond to Saber's text eventually to start up some CR between them, but he's not going to be participating in this, sorry! He's not really the musical type and I'm waffling on if he's even going to be going to the ball. Thanks for including me though, I really appreciate that! 8D I'm sorry I play a no-fun dumbbutt. Saber says Fuyuhiko should do it because it's the chivalrous thing to do, and apparently he's all about that says Peko!! But not really. :]

Jade/Pekoyama

KATAR TOOK THE GOOD RED AND I'M V MAD AT HER but Peko also won't be participating... she'll appreciate the sentiment and she's glad that it's something nice for Lee, but that's a lot of potential attention to be on her when she's already uncertain enough going to the ball as it is, so Peko'll be sitting this one out. wow don't hate, jade.

Ax/Rei Hino

Saber invited Rei and Rei agreed to go for it. She'll go along with the idea, certainly. But only if the song isn't some ridiculous pop-song. I'll roll however we decide, but a top level/mingle sounds like the neatest way

Aki/Oz

About to reply to the text right now! Oz would 100% be up for this and would sing pretty much whatever everyone else suggested. He comes from Ye Olde Victorian Fantasyland so ?!?!?! no song suggestions there oops, except maybe Christmas carols because he just learned about Christmas so that's a New And Exciting thing to him, and also thematically fitting for the party! I'd be down for a mingle at the ball log too but yeah I'm good w/what everyone else wants! Oz you're too excited about this Saber isn't sure how to deal.

Ame/Celty

wow i am late to this, sorry!! i still need to have celty respond to saber (which i will do shortly!) but i do have one issue, celty lacks a head so she can't really sing. if there's anything else you guys have planned, maybe i can get her on that instead? maybe securing like a stereo to play the instrumental version of whatever song they're gonna sing, be a backup dancer (please don't do gee)?? or provide another present? sorry for the trouble, but i do want to get in on this if possible! also +1 on the top level Np, np! I forgot about the whole no head thing. But she can just mouth the words no one will notice. Sorry, that was terrible.
nah don't worry about it! but actually, i don't think she can mouth the words either.... since she'll be wearing her helmet hahaksjdlfs sorry this is so much trouble augh
if anything she'll be there for moral support!! orz (she should be on the DJ booth like a one-man Daft Punk) oh i am ok w/ this yes

Showan/Yosuke

He can either be conned into singing or he can play the guitar if you need someone to play an instrument! He just has to know what the songs are a week in advance so he can practice for it. If it's complicated to play he'll botch it all up though, lol

Natalia/Dana

LATEST OF THE LATE, I'M SO FAR IN BACKTAG LAND Natalia will think it's super cute and will make room for it and will definitely be singing along. Sorry about not really being around for plotting but since Rin's let Natalia know, she's ALL FOR IT. I support the top-level! If anyone needs me for any questions/concerns/etc etc for the ball just drop me a pp @evergrace - I'll see it quicker!

Jensen/Lily

Ahaha Late to the party! Lily is in on this! Still will love to sing with everyone for sure. She be really excited to sing anything, though the only 'modern' songs she's heard have been K-Pop ones, she needs to be educated some clearly lol

Rin/Mei again!

THIS IS ALL SO awwwwesome so I'm eager :) I'll be getting a rehearsal log up for those who just want to dick around for it with some refreshments probably from Archer cause he's totally whipped. The suggestions gathered above are:

- Dancing in the Moonlight (King Harvest)
- Raise Your Glass (P!nk)
- I 2 I (Tevin Campbell aka that song from A Goofy Movie god I'm a dork)
- We Are Young - Fun (if it's a song about youth and love...)
- Carly Rae Jepsen - I Really Like You
- MAYBE A CHRISTMAS CAROL ??

With Maribelle on violin, Celty at a DJ booth, Yosuke with guitar so!

I'll put a poll in the rehearsal log so if you can come by and put in a vote that would be great.

<http://estoria.dreamwidth.org/63669.html> log is here with the poll, thank you :D
