Vocabulario- páginas 136 a 138 Lec. 4

Es preferible que sepas todo el vocabulario antes de empezar a traducir estas frases. ¡Pon atención a los tiempos de verbo (presente-pretérito-imperfecto) y las necesidades de la frase (indicativo-infinitivo-subjuntivo)!. ¡Haz este ejercicio con el texto CERRADO! Después ábrelo y corrige tus errores (si hay). Recuerda usar el artículo definido delante de un sustantivo (=noun) en un sentido GENERAL- como en la primera frase..

1. (The) Large animals used to live in a natural environment, with forests of many trees and green grass.
2. But Nature does not always win in all ecologies.
3. There was lots of building in the jungles and the governments did not make laws to control acid rain.
4. There used to be many natural resources near the lakes and volcanoes. The sun would be yellow, the skies clear, and the lakes were full of fish. Birds used to fly above the paths in the valleys and stars could be clearly seen at night.
5. Today there are many problems but few solutions. Deforestation, ecotourism, and contamination resulted in more deserts and less population of plants and animals.
6. Where is the pure air we used to breathe? I don't know!
7. These people do not want ecotourism to destroy the tropical rain forest.
8. I hope that our government improves laws to (=in order to) protect all the fish.
9. Why can't nuclear energy reduce or solve some of the problems.
10. Who is going to discover a solution to the great dangers of animal extinction?
11. The population of the US forbids that tourists pollute the air, hunt special animals, or destroy our land and environment.
12. It is a shame that natural life is affected by people. We really want to take care of the environment and do not want it to be polluted.
13. The government advises us to avoid dangerous things.
