

7.8.2024 Monday Madness

BACK GATE IS STILL NOT WORKING! We thought we had an old gate motor working, but alas, it wouldn't. We have an expedited new motor on the way. With over 25,000 cycles of up and down each week, we are fortunate that it has lasted as long as it has! **Security will physically man the back gate for resident entry until 7pm this evening.** The gate will be closed from 7pm until 6am at which time we will have a guard stationed there again. We appreciate everyone's patience, understanding and ideas of how to best remedy/man the situation. It was certainly unfortunate timing...my family even offered to come man the gate, but the Chief and his staff had everything under control. We will continue to send updates as we have them. Thank you!

CAR ACCIDENT at the back intersection...please take caution as another accident occurred at the back gate intersection around 1:00pm. Fire and EMS are on the scene.
