

Questing

Verse 1

In the morning light
We're sailing on the same ride
Questing the treasure of life
That should mean peace for us
Time goes so fast

Verse 2

Sailing through dark jungles
Every challenge a riddle
As we chase the sunsets
Each trial becomes a test
Souls become intertwined

Chorus

When the final chapter's near
We'll pen our story clear
Because we are wanderers
And seekers of a peace
Bound the time
