Unfilled Jobs

As we prepare for evaluation completion in May for June submissions, Brent and I are very excited about the great work being done to automate as many of the elements of the process as possible. The ability to pull data directly from the Perform evaluation form which is instantly summarized, then added to the CLDS tool will greatly reduce the chance for errors. We are happy to see all of the hard work start coming together.

March Substitute appreciation drawings were held and the winners are listed below.

Winners:

Wendy Somerset

Kody Cowen

Tiffani Egnor

Scott Hall

Big Thank You to all of our hard working and dedicated substitutes!!! We could not keep things running without their help.

Food service continues to add additional meals each month, small increase at times but increases just the same. I am almost finished with our Summer Feeding (SFSP) application, once approved by the State I will be able to get site information out to the public and advertising.

Bianca is working on the SFSP flyer in her free time as our receptionist and she is looking forward to taking on some of the responsibilities, beginning this spring. Bianca will be our sites supervisor this summer, will be managing the districts responsibilities concerning SFSP and will learn the claims and reporting processes as well. Bianca cares deeply for the children in our community and is dedicated to making their access to food they need as easy, while keeping an eye on our compliance.

Donjua is very details orientated, she has the AP department going in the right direction and keeps us all organized. April marks the 6th month of the AP process being under the Charter Impact umbrella. Many of the bumps are smoothing out and we look forward to continued progress. Donjua is dedicated to making sure our funds are properly noted and accounted for.

Laila works with the Charter Impact PR team daily to process through the challenges which pop up. Laila is skilled at assisting the C.I. team with the differences between our rules, laws and policies vs other districts or states they are more familiar with. Laila's dedication to our employees and watching out for their wages and benefits show every day.

Thank you,

Gina Cakebread

HR Director
