|  | <p><b><u><a href="#">A Chronology of North American Exploration</a></u></b></p> <p>Take a fascinating trip through the history of early North American exploration. From the earliest journeys to the New World, learn who made the journey and why. Readers will also discover where particular explorers landed and if they found what they hoped to find.</p> |

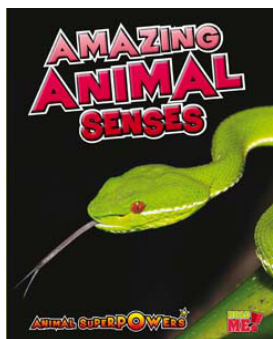

### [A Field Guide to Griffins, Unicorns, and Other Mythical Beasts](#)

What should you do if you meet a unicorn or a phoenix? Where would you look if you want to see a griffin or a hippogriff? How do you defend yourself if a minotaur or harpy attacks you? These mythical beasts may not be real, but what if they were? This handy field guide gives you everything you need to understand these fantastic creatures of the imagination.

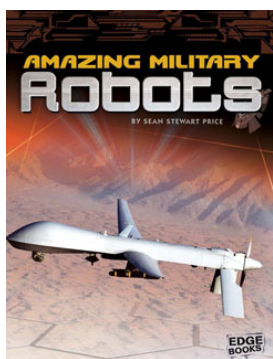

### [A Primary Source History of U.S. Independence](#)

More than 200 years ago, Great Britain ruled the American colonies. Many colonists believed the British were ruling them unfairly. But many others wanted to remain loyal to Great Britain. Hear the words they spoke. Read the words they read. And see the differing points of view about the fight for U.S. Independence through the eyes of the people who lived it.

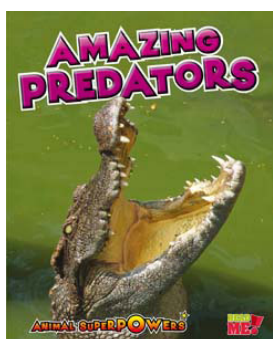

### [Amazing Animal Senses](#)

In Amazing Animal Senses readers learn about some animals' super sensing skills! Simple, leveled text accompanies vivid images and engaging design to make these books a popular choice.

### [Amazing Military Robots](#)

Are robots smarter than humans? Where are they used? How are they built? Why do they work? Can kids build them? Find the answers in this fascinating look at all things robots.

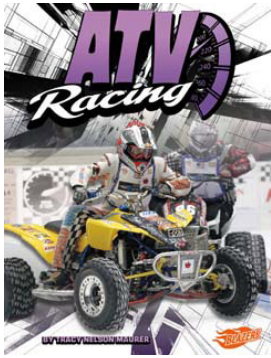

### [Amazing Predators](#)

In Amazing Predators readers learn about some animals' super hunting skills! Simple, leveled text accompanies vivid images and engaging design to make these books a popular choice.

### [Attack of the Mud Creatures](#)

After a mudslide devastates the neighborhood of Winston Hills, no one expects it to get worse. When fifteen-year-old Greyson Bennell joins the volunteer cleanup effort, he thinks he'll excavate some belongings and head home. But when his best friend Trevor goes missing, Grey starts to realize that the people around him are acting strangely . . . and it might have something to do with the mud that surrounds them.

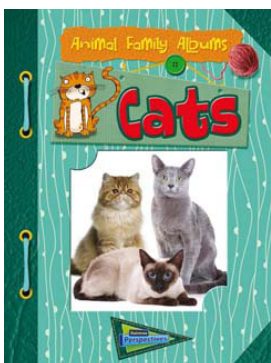

### [ATV Racing](#)

ATVs are quickly catching the attention of racing fans. Thick tires carry these four wheelers through messy mud pits and over steep sand dunes. From the starting line to the checkered flag, see how ATVs work and how they're burning up trails and tracks across the United States.

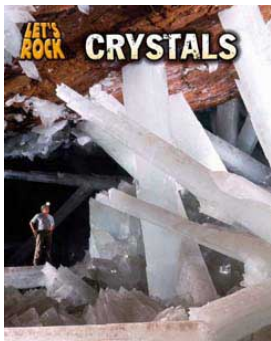

### [BMX Challenge](#)

Jason never turns down a dare, which has gotten him in trouble more than once. After he gives some classmates a hard time, they challenge him to a BMX competition. Jason can't say no. But BMX is way harder than he thought. If he can't learn to ride before the competition, this dare will be his last.

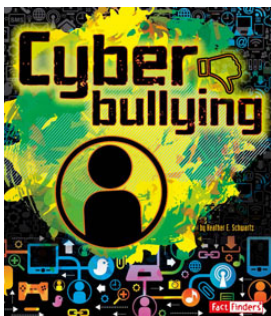

### [Cats: Animal Family Albums](#)

Cats come in all shapes and sizes, from tigers down to tiny tabby kittens. Join your feline guide for a trip through his family album. You'll meet all sorts of interesting breeds along the way, and find out a few family secrets as well!

### [Crystals](#)

Crystals looks at how crystals form, change, and are used in society around the world.

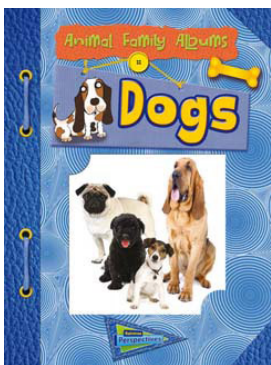

### [Cyberbullying](#)

If a classmate sends threatening e-mails to you, do you know what to do? Don't worry if you don't. This book is here to help! Learn tech-savvy ways to keep bullies out of your technology without taking away all the fun!

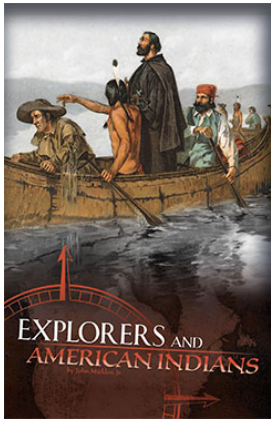

### [Destined for Space: Our Story of Exploration](#)

Who hasn't looked to the night sky and wondered, what's out there? Miracles of human curiosity, bravery, and science have made it possible to begin answering that question. From wishful stargazing to moon walking to, someday, intergalactic travel, the story of human space exploration is full of daring adventure, incredible machinery, and endless curiosity about our place in the universe.

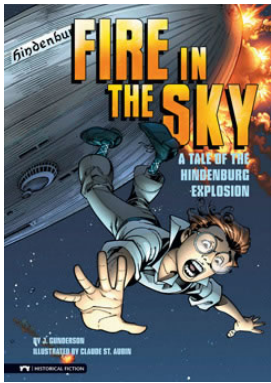

### [Dogs: Animal Family Albums](#)

Dogs come in all shapes and sizes, from wolves down to tiny chihuahuas. Join your canine guide for a trip through his family album. You'll meet all sorts of interesting breeds along the way, and find out a few family secrets as well!

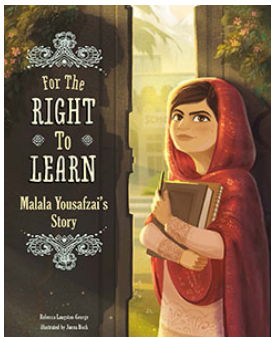

## [Explorers and American Indians: Comparing Explorers' and Native Americans' Experiences](#)

The first meetings between early North American explorers and American Indians sometimes went well and sometimes they didn't. Readers will be fascinated by stories told by the native peoples and the explorers who encountered them. Readers also will learn the impact the different cultures had on one another over time.

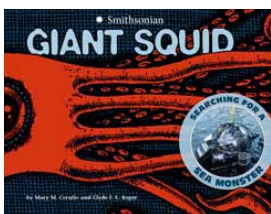

## [Fire in the Sky: A Tale of the Hindenburg Explosion](#)

Half graphic novel. Half traditional text.

## [For the Right to Learn: Malala Yousafzai's Story](#)

She grew up in a world where women were supposed to be quiet. But Malala Yousafzai refused to be silent. She defied the Taliban's rules, spoke out for education for every girl, and was almost killed for her beliefs. Discover Malala's story through this powerful narrative telling, and come to see how one brave girl named Malala changed the world.

## [Giant Squid: Searching for a Sea Monster](#)

This sea monster is real. It lurks in the freezing black depths of underwater canyons. Nearly 50 feet long, it hunts with its long arms and tentacles. Its powerful suckers leave giant round scars on those that live through a battle with it. But this enormous beast, with its huge, strange eyes, remains hidden from humans. We rarely see it and know little of its ways. What is this monster? The giant squid. This famed member of the cephalopod group has a history of frightening fishermen, starring in fictional adventure tales, and keeping scientists guessing. What is the story of this mythic creature? Why is it so hard to study? What secrets does it keep? Clyde Roper, ocean scientist and squid expert, has been seeking this secretive creature for decades. Come along as he and other researchers unravel its mysteries.

## [Great Women of the American Revolution](#)

Men may have fought the battles of the American Revolution, but women played an important part too. Some women fought the battle at home, speaking their minds about the British occupation or gathering supplies for their soldiers. Others fought openly for their cause, secretly joining the military or becoming spies. Get to know these heroic women and their importance to the colonists' victory during the Revolutionary War.

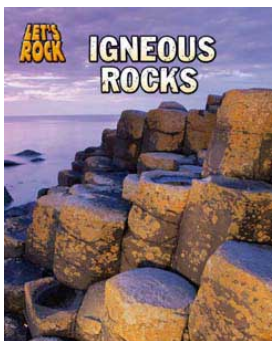

## [Heroes of the American Revolution](#)

George Washington, Paul Revere, and Thomas Jefferson are remembered as heroes of the American Revolution, but they were only a few of many men and women who risked their lives for independence. Read more about the heroes, both American and European, who were key to the colonists' success in the American Revolution.

## [Howling Hurricanes](#)

Have you ever wondered what qualifies something as a hurricane rather than a strong windstorm? Read this book to learn about the features and causes of hurricanes, how we can prepare for hurricanes, and what happened during some major hurricanes of the past.

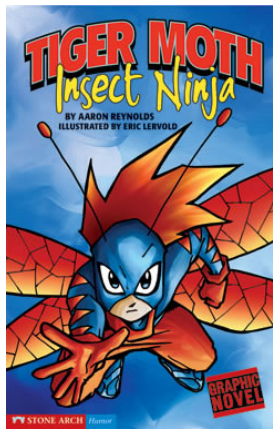

## [Igneous Rocks](#)

Igneous Rocks looks at how igneous rocks form, change, move, evolve, erode, and are recycled around the world.

## [Indy Car Racing](#)

Indy car drivers use skill, speed, and the latest technology to blaze down the track. They race on tracks of all shapes and sizes and all around the world. Take a look at Indy race cars, how they work, and the races they compete in.
