Kristin Most anticipated reads of 2024:

In 2022 and 2023 I enjoyed some amazing stories, and in 2024 I am on the hunt for a WORDSMITH. A book that just makes me stare off into space because damn that phrasing struck a cord.

[Sin of Saints](#) by Lauren M Leasure: As a top 3 of 2023 from Bobbi how could I not pick it up in 2024.

[Godkiller](#) by Hannah Kaner I have heard a few great reviews about this, but it has not flooded TT so it must be good.

[Carnage](#): The latest book by Shantel Tessier in the Lords universe. It came out in 2023 but its up next on my reading list and I am so excited.
