

If a student is leaving school in a car, they will not be considered “walkers”. All students leaving school in a car, must have their ride go through parent pick up behind the school.

Walkers will be escorted to the new “Walking pick-up” area near the bridge. Please wait by the bridge for your student if you are walking or biking home with them from school.

Families ARE NOT allowed to park in the parking lot, either in a spot or behind a parked car to pick up their students. Students will NOT be allowed to walk to a car parked.

When picking up your student please follow the Parent Pick up procedure. Drive down the right side of the parking lot, take a right down the smaller side street and go around the right side of the school building, towards the back.

Cars will go into two lanes to pick up your student from the parent pick up area.
