

Hi Haturaclo,

Let me tell you a thing: your clothes are literally FIRE. They are really well made under every point of view: the material, the design, the prints, everything. I especially love Rengoku's hoodie and Santoryu's t-shirt.

Despite all the good stuff you made and all the clients you landed, there is still work to do to make your brand world famous and I think I can help you achieve that goal. In fact, here is the deal: I want to partner with you because I think that with your beautiful clothing products and my digital marketing and copywriter skills, we can increase the sales and the brand awareness exponentially.

If you want to know more about my project to help you, we can arrange a call or a chat.

Best regards,

David
