Required immunizations for all 12th graders!

North Carolina law requires all rising 12th graders to receive a meningococcal vaccine booster before starting 12th grade. The vaccination must be completed and current immunization records updated before the 26-27 school year begins. Please provide updated information for all vaccines.

Per state law in North Carolina, all seniors are required to receive the Meningococcal (MCV) vaccine for entry into 12th grade. Students are given 30 calendar days from the first day of 12th grade attendance to meet this requirement. At the end of the 30 calendar days, 12th grade students who have not received this vaccine will not be allowed to attend school until the required proof of immunization is provided.

Parents will need to provide a copy of their child's immunization record showing proof that the meningococcal vaccine has been completed prior to the first day of school. Vaccine information can be emailed to mbhs-srimmunizations@wcpss.net or can be brought to the front office, Monday-Friday between 7:00-3:00.
