Eric Z.

Tutor
Winner of 2020 Distinguished Leadership
Award
San Antonio Math Include

Eric is part of the Class of 2028 at MIT. One thing he has gotten used to being last because of his last name. He likes playing basketball. Actually, basketball is the only sport that he has any skill in. Well, maybe football, but not really, he guesses. Anyways, um, he also likes math and science. His favorite subject is chemistry. He participates in competitions like MATHCOUNTS and UIL. He is a self-proclaimed nerd, and he is proud of it, and these things help him not be bored, for lack of better words. He plays several instruments, and he likes listening to music as well.
