Where to enter Immigrant information in Infinite Campus:

- Immigrant information is based on a Student's Birth Certificate. It should tell you in what country they were born.
- At this time, Birth Country is not reported to NDE, however it may be soon.
 - In IC go to the Student's Person Page
 - Enter Birth Country and Dates
- Enter Immigrant information on the Student's Enrollment
 - Go to the State Reporting Fields Section
 - Enter the appropriate Value
 - Student's default to 0
 - Hopefully you will know if this is the first US school they are attending. In some cases, they will also have EL information.
 - If a student transfers in and has been in the US for more that 3 years, enter a 3.
- If you have question, please contact Jackie Nielsen
