Promotional message	<p>☀️ Discover the Future: Join the ISBC IT session on Generative AI ☀️</p> <p>Don't miss the opportunity to attend our insightful conference seminar titled, "What Should We Prepare for in the Era of Generative AI as a Christian?" Engage in discussions on job security, the Christian perspective on AI's ethical concerns, and utilizing AI technologies in UBF campus missions. Reserve your spot and empower yourself to embrace the future with faith, wisdom, and foresight! 🚀</p>
Abstract	<p>As generative AI continues to advance, it is essential for Christians to understand the implications of this technology on various aspects of their lives. This conference seminar aims to provide a comprehensive overview of the challenges and opportunities presented by the era of generative AI.</p> <ol style="list-style-type: none"> 1. Is my job safe?- The potential displacement of jobs and how Christians can adapt to these changes; 2. What perspective should Christians have in the AI era? - The ethical and moral considerations that Christians should be aware of in the AI era, such as deepfakes and copyright issues; 3. How can we utilize AI technologies in UBF campus missions? - Practical strategies for utilizing AI technologies to enhance UBF campus missions.
Special note	By attending this seminar, participants will gain valuable insights on navigating the complex landscape of generative AI from a Christian perspective, ensuring they are prepared for the future with faith and foresight.
