

Videobun's Digital Art Sale Additional Information

Inquiry: videobunartcomms@gmail.com

Note: This information isn't absolutely necessary from a legal perspective on my ToS, but will speed up the process if you are familiar with it and will ensure that your commission is more likely to be accepted!

General request info:

I vastly prefer to draw and specialize in drawing "furries" or anthropomorphic animal characters. I highly suggest you only commission me to draw a character, and that you are familiar with my style, process, etc. as visible on my online galleries and social media. I am not a general/all-purpose artist!

Preferred Artwork:

- Anthro animal characters
- Any clothing (casual, formal, swimwear, armor, none, etc.)
- Simple scenery/details/handheld props (if any at all)
- Simple outdoor/indoor backgrounds
- Sequential art (comics)
- Basically, anything I tend to post

"Will do" Artwork:

- Simple human or robot characters
- Franchise/IP "OCs" (I may refrain from posting these though)
- Simple mech designs (especially anthro) - although note that I fully admit less experience in this regard and may charge extra for complexity.
- NSFW* (I have a separate sheet for the nitty gritty details on this, as a note, nudes and general vanilla stuff is definitely fine.)

"Will not do" Artwork:

- Heavily complicated designs, abstract works, or anything requested beyond my scope or out of my "style"
- Anything hateful, illegal, or simply not to my taste
