INTRODUCTION

The Introduction typed in capital letters [Cambria font size 11] contains the background of overcoming a problem, urgency and rationalization of activities, literature review, problem-solving plan, activity objectives, and hypothesis development [Cambria font size 12, Regular] Note for Author: The length of the article is between 2000-5000 words (including literature, notes, and tables). Articles are typed in the Microsoft Office Word format. Using Cambria font size 12, single space on A4 paper [Cambria font size 11].

LITERATURE REVIEW

Describe clearly and concisely the literature review that underlies the research by outlining theories, findings, and other research materials that form the basis for generating hypotheses (if any) using Cambria font 11.

METHODOLOGY

The research method explains the implementation methods employed in the study. The method is described clearly and in detail [Cambria font size 11].

RESULTS AND DISCUSSION

Explain the results of the research in the form of problem-solving analyzed using relevant theories. The results of the study also revealed the findings of the research. Discussion is accompanied by logical arguments by linking the results of research with theory, the results of other studies.

CONCLUSION

Conclusions contain a summary of the results of the research and discussion. Conclusions are research findings in the form of answers to the formulation of research problems or research objectives and research hypotheses. Conclusions are explained briefly and clearly. The suggestion section describes the application or development of science. Conclusions and suggestions do not use points or numbering but are described in one paragraph. [Cambria 12 font size].
