

PARENTS: The North St. Francois County R-1 School District will provide modified routes for Summer School 2025.

These routes **WILL NOT** be the same service as provided during the school year. Instead they will be routes that start at a specific point and proceed along a shortened and modified route. We will make every attempt to make the ride for Summer School short, yet try to provide service in a safe and economical manner for the students and patrons of the District.

PLEASE NOTE: Summer School 2025 will be held at the following campuses: North County HS (for 2024-2025 grades 5th-12th) and North County Primary (for 2024-2025 grades K-4).

Every student that will be riding a school bus for Summer School will need to make sure they are at their stop early. This will be especially important the first few days. As a District, we do not know how many students will ride the first few days, therefore, we do not know how much time each route will take. After running a few days, everyone should have more precise pick-up times. We would greatly appreciate your patience during the start of Summer School. Listed below are the individual bus routes with approximate pick-up/drop-off times. Students not living along a route may meet a bus at any pick-up point on the route. They will be delivered to the same point in the afternoon and parents will be responsible for meeting them and transporting them home. Once routes are established, students must get on and off the same bus at the same point each day unless the building secretary issues a bus pass.

SUMMER SCHOOL 2025 ROUTES
