Dear Medway Middle School Families:

Every year, each public school and district in Massachusetts receives a report card. Just as your child's report card shows how they are doing in different subjects, the school's report card is designed to show families how our school and district are doing in different areas. A link to a fact sheet about the report card can be found [here](#). A link to our school's report card is available [here](#).

The report card includes multiple measures of a school's performance – more than just MCAS scores. It represents a new way of looking at school performance, by providing information on student achievement, teacher qualifications, student learning opportunities, and more.

Report cards are designed to be useful tools for everyone connected to our school. Families can use the information to have meaningful conversations with us about what the school is doing well and where there is room for improvement. Community and education leaders can use the information to better understand how to support students and our school.

We encourage you to become involved in helping us improve our school. We see parents as critical partners in the success of our students and school, and we are grateful for your continued support.

If you have questions about our school's report card, would like to become involved in school improvement activities, or would like to request information about the qualifications of your child's classroom teacher, please contact Ms. Amanda Luizzi, principal. To see our district's report card or to search for other schools' report cards, visit [here](#).

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Peri'.

Paul Peri
Assistant Superintendent
Medway Public Schools
