Rules and Regulations

This SASP rules and regulations Department handbook is for all officers in SASP to follow no matter what. If you are caught breaking any of these Rules and Regulations you will get a demotion or a strike.

We here at San Andreas State Police, our job is to help civilians of San Andreas County from danger and threats. We operate out of Los Santos, and Blaine County. Our duties of San Andreas State Police is to help citizens with any problem they have. Even if it's a cat stuck in a tree or even if Hillbilly Bob got his dick stuck in an exhaust pipe again.

Rules

1. You must enforce the laws, if not enforcing the laws correctly it will lead to demotion and LEO Training again.
2. Fail Roleplay is not tolerated, fail roleplay will lead to a strike
3. Carbine Rifle, Pump Shotgun, Pistol, and taser are allowed at different ranks, if used before that rank, it will lead to having to redo training, if not using the guns given above, it will lead to a possible strike for Fail Rp.
4. You will not be allowed to rp until a uniform has been saved and applied to your character
5. If you have witnessed some Fail roleplaying, report it to staff, if you take matters into your own hands you're getting yourself in trouble.
6. Any threats to admin or members in Street Life Gaming will lead to an immediate ban
7. Any hacking will lead to an immediate ban and you will be reported to authorities
8. You can not drag a player when they are running away. You have to be right next to the player and not moving. To drag a player type /grab
9. All laws are based off of **Georgia, USA**. So you have you use them.
10. Our server has a rule called New Life Rule also rule 15. So when someone is taken to jail put them in a cell and remind the about the rule and walk away and finish your paperwork. If you see someone that was just taken to jail in the same character report it to a admin.
11. You have to do the paperwork in cad.
12. You must run every players name and plate you pull over or interact with.
13. If you run a name and it doesn't come up in cad you have to charge them with 26 (2506) failure to identify to law enforcement officers.
14. If you run a car's plate and it doesn't come back in cad. You have to charge them with 11(11) Registration Violation and tow their car and impound it.
15. The reason we are enforcing the stuff not coming back in cad is because SLG is a whitelisted server so we don't want to see someone not being in cad.

How to get a promotion

To get a promotion in SASP you must attend at least 3 rps a week for 6 weeks with no fail roleplay involving you

Disrespect or toxicity to anybody in the server will disqualify you from being promoted for the next month.

Do not ask for Promotions. Because you will never get one if you do.

You don't have to help out on the server with things like promo videos or photo shoots and other stuff like that.

You can help train new LEO's that need it.

The best way is to get out there and be active with the community and help them and make new friends.
