PRIORITY AREA BEING ADDRESSED

- ☐ Climate resilient livelihoods of vulnerable communities
- ☐ Climate resilient coastal and marine ecosystems
- ☐ Reducing vulnerability against sea level rise

BACKGROUND OF THE PROPOSAL

Provide context and all relevant information needed to explain the rationale of the solution you are proposing. How will the cash prize of the Climate Resilience Challenge help towards the success of your solution?

Click here to enter text.

OBJECTIVES

What are the goals of your proposed solution?

Click here to enter text.

PROBLEM STATEMENT

What problem/challenge towards achieving Philippine Coastal Resilience are you trying to address?

Click here to enter text.

INNOVATIVE SOLUTION

Discuss how you will solve the problem statement.

Click here to enter text.

PATHWAYS TO IMPLEMENTATION

Describe how the solution can be/has been initially financed and operated. Additionally, discuss how budget for the solution can be sustained in the long-term.

Click here to enter text.

INCLUSIVITY (if applicable)

Additional preference will be given to those who will include variables of Indigenous Knowledge Systems and Practices (IKSP), gender, age, disability, and low-income households.
How will your proposed solution include vulnerable and marginalized populations?
