My Goals Achieved

- Get a paying client

I get out of the office of what is my brand new client, I have arranged a deal that is going to bring me a lot of money, I am so proud of myself, because I did it. I took my balls and got to outreach to a business owner in person, and I feel so abundant because I know there is going

to be a lot more.

- Be intermediate

I see the money coming on my account, and I feel a relief. I know this is nothing, but I got out of the beginner zone, and now I am sure I can bring result. I feel so confident in myself.

- Generating \$10K In Revenue:

The numbers on the screen finally click into place... \$10,000 in revenue this month. This is a milestone marking my journey from ambition to achievement. Every strategy and late night has culminated in this moment, underpinning my professional problem-solver spirit. The rush of success is exhilarating, pushing me to set even higher benchmarks as I become a rainmaker.

My Rewards Earned

- I am finally holding it, the 1858 Pietta remington I wanted, I slowly load it with a .44 caliber bullet and aim it at a target my friend and I set in the wood, I arm, I take a deep breath to be steady, and finally I pull the trigger. I miss, because this is the first time I ever shoot a gun in my life, but all my body is shaking in excitement.
- As I promised, I take my girl to the mountain this year, and we arrive at our beautiful cottage, the cold outside makes our cheeks flush and our noses prickle, but we arrive at this beautiful little chalet. We're thrilled by the beauty of the snow-covered mountain, and by the sight of the ski slopes we'll soon be skiing down.

- I get to travel on the Shtandart (frigate), and I go sailing with them for a week or two. I have a deep feeling of fulfillment as I finally realize one of my dreams. I feel the wind on my face and hop on the mast. I experience to feel a way you only rarely feel, true happiness, just a moment that reminds me all the time I dreamt about it.

My Appearance And How Others Perceive Him

- I'm well dressed, well shaved and my haircut is clean. I look sharp. I walk with my shoulder straight, I exude confidence. My eyes betray a high level of self-confidence, I look calm, composed, but confident and determined.
- The others are a little intimidated; they're attracted and want to interact with me, but are hesitant in the way they speak. I impress them.
- I see the friends who used to boast about having lots of money drown in a jealousy they find hard to hide, and they understand that I was right.

My Day In The Life Stories.

- I wake up early, but I slept well and am well rested. I stretch, prepare a coffee and get to work.
- I know exactly what I have to do, because I planned it yesterday. I watch the power up call while drinking my coffee to get fired up, and I focus.
- The tasks are executed one by one.
- I go training and improve from the last session
- I come back, Finish what I have to,prepare the next day and spend the rest of the day with my loved ones.
