Ace Race Map chosen: City

Parkour Warriors or Parkour Tag? : Parkour Warriors

Pre Notes - Season 2 updates

1. Parkour Warrior Revamp - 10 progressively harder stages, instant warp to start of any stage available, to keep things fresh for players. Played across 10 minutes. There are 5 challenges in each stage. 8 coins per challenge, 20 coins for completing a stage, 400 coins for completing every challenge. Each challenge is 25% shorter than old PW. 1000 coins in total for completing everything.
2. HiTW Revamp - Glitch prevention changes, shift jump, walls are unforgiving, but the player mobility is increased - equalised the playing field, made the game much harder. Coin splits - new : 4 coins for each survival, 125 coins for winning, 75 coins for coming second, (after winners, eg. If 3 people win, 4th gets 2nd place coins.), 25 coins for coming third.
3. New Ace Race map - City
4. 2 weeks before the event, players vote for 4 games to be on the starting dome, and the 8 with the most votes are the ones on the starting dome.

5. Players vote which battle box map is played. No same map can be played 3 times in a row.
6. The Ace Race map can be voted upon, similarly to Battle Box. No same map can be played three times in a row.
7. Parkour Warriors and Parkour Tag will be in voted-on rotation
