Proofs Practice

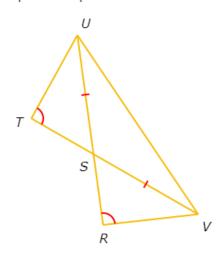

Complete the proof that $\triangle PST \cong \triangle QRT$.

 \overrightarrow{UW} bisects $\angle VUX$ and $\angle VWX$. Complete the proof that $\triangle UVW \cong \triangle UXW$.

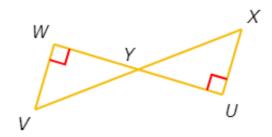

Complete the proof that $\triangle STU \cong \triangle SRV$.

 $\angle UWV \cong \angle TWX$, $\overline{WX} \perp \overline{TX}$, $\overline{VW} \perp \overline{UV}$, and $\overline{UV} \cong \overline{TX}$. Complete the proof that $\triangle UVW \cong \triangle TXW$.

Y is the midpoint of \overline{UW} . Complete the proof that $\triangle VWY\cong \triangle XUY$.

Complete the proof that $\triangle UVW \cong \triangle WXU$.
