610-374-7101

Welcome Back!

I hope your break was both restful and enjoyable! I know it is mixed emotions coming back from a well deserved break but I also know you students are very excited to see you!

Inclement Weather: The district has sent out emails in regards to how they will be handling wintery weather. Please review and plan accordingly. I am still in talks with downtown on a solution that can best serve everyone when it comes to making a decision.

Observations: With the end of the 1st semester rapidly approaching, please remember it is up to your supervisor to communicate and schedule observations. Non-Tenured employees need two satisfactory observations a year. If you have not had one yet, be on the lookout for one in the next couple weeks.

State Of the Union: I will be looking to have our annual state of the union meeting in March. I am hoping to have all our loose ends tied up by this time.

Social Media: We are continuing to expand our social media. Follow us on Instagram: Readingeducationassociation. We will continue to grow over the next month as we put out information.
