Diagram illustrating the step-by-step construction of a 12x12 grid for a 12-person puzzle, showing the initial state, the application of constraints, and the final solution.

Initial State (Left): A 12x12 grid with some cells filled with numbers (1-9) and others empty. Arrows indicate the application of constraints.

Constraint Application (Middle): The grid shows the result of applying constraints. Cells are highlighted in green, indicating the current state of the puzzle.

Final Solution (Right): The completed 12x12 grid, where all cells are filled with numbers (1-9).

Summary Table (Bottom Right):
