What is the community project doing?
Helping people in situations the best way we can with what we have. From food, shelter, to meeting copayments for meds or getting people to places for emergencies. So much is needed! We stretch every penny we can as far as we can. We check out every situation the best we can. We can make this a better world together. There is a place in your heart And I know that it is love. Make a little space Make a better place - Heal the world.
