Table of Contents

I. Dueling

II. Bullet Dodging

III. Jump Shots

IV. Drill

V. Basic Leadership

Who can host?

Sergeant+ can host this Test.

Dueling

During this section, the Private First Class will be taught of to duel. After they learn they will have to fight the host or another attendee of the Test. If the host seems like the attendees are good with dueling then they will pass this section.

Bullet Dodging

During this section, the host will have the attendees line up in an SFL line and cone themselves, and set the clone around 25 studs ahead of the attendees. Then the host will shoot at the attendees one by one until each person gets 3 tries. If the attendees get $\frac{1}{3}$ times across without dying they pass this section.

Jump Shots

During this section, the host will bring the attendees to the jump shot range. After they get to the range the host will get the attendees into an SFL line and pick 4 targets for them to shoot. If After they all shoot the 4 targets the host will pass attendees on this section if they hit $\frac{1}{2}$ of the targets meaning 2/4.

Drill

During this section, the host will host a DT for the attendees. In this section, the attendees will have 3 strikes. To get a strike the attendees will have to fail on a drill command. If they get 3 or 4 Strikes they will fail this section. If they get 2 or fewer they pass and move on.

Basic Leadership

During this section, the host will talk about the meaning of leadership and how to use leadership. The only way to fail this section is if the host not deeming you fit to pass Basic Leadership.

Passing Every Section

If the host passes you on every section. The host will send you a link to the BA website to make an account. [Account - British Army \(ironba.net\)](http://ironba.net)

After the attendees make an account the host will rank them using the website and rank them in the regimental group.
