Mr. Pierre Goulet, Esq, Director of the Bureau des enquêtes indépendantes (BEI)

Ms. Pascale Descary, Esq, Quebec's chief coroner

Mr. François Bonnardel, Minister of Public Security

Ms. Valérie Plante, Mayor of Montreal

Ms. Sophie Roy, Interim Chief of the SPVM

**Another family in mourning and with no answers: a public coroner's inquest is demanded**

On September 17, 2022, Ronny Kay was shot and killed by an SPVM police officer during an intervention in response to a distress call.

Ronny Kay was a 38-year-old Montrealer, of Chinese origin, talented and with a big heart, who devoted much of his life to others and was involved in many causes. He was loved by his family, friends and community.

Ronny Kay is now part of a long list of young men in distress who have been killed by the police during a police intervention.

More than a month after this tragedy, the family has still not received any information about the causes and circumstances that led to Ronny's death.

### **Ronny Kay's family is demanding from the authorities involved:**

1. A public coroner's inquest as soon as possible into the causes and circumstances that led to Ronny Kay's death.
2. Immediate access to psychosocial services.
3. Condolences from the SPVM to the family.

### **The facts**

On September 17, Ronny was working from his home on Nun's Island. His ex-girlfriend's unannounced arrival to pick up some of her belongings led to an argument. A first call was made to the police in the morning by the ex-girlfriend asking for their intervention so that she could access her belongings. Around noon, a second call was made to the police, this time by Ronny's work supervisor indicating that she was worried for the safety of her employee because he had just called her and had made concerning comments that indicated he was in distress. At 12:25 p.m., Ronny contacted his sister, Debola Kay, to inform her that the police were coming to his home and that he was in a panic. Ms. Kay quickly proceeded to Nun's Island in the hopes of talking to her brother. When she arrived, she saw two police officers near Ronny's condo and asked them if they had seen her brother. They told her that they had not yet located him and told her to wait for news from them. Ms. Kay clearly conveyed to both officers that her brother was in distress, that he was not dangerous and to not shoot him. She asked both police officers to convey this information to their colleagues. Shortly thereafter, one of the police officers informed Ms. Kay that the police had located Ronny and that he was being taken to hospital, without providing any further details. That is the last contact the SPVM had with the family. Ms. Kay went to the hospital where she waited for more than an hour only to learn from a doctor that her brother had died.

Since the beginning of the investigation by the Bureau des enquêtes indépendantes (BEI), on the evening of the event, Ronny's mother and sisters have yet to receive any information or details regarding the causes and circumstances that led to his death, aside from what the BEI has shared with the media.

Moreover, despite several public appeals, the family has still received no word from authorities regarding their demand for a public inquiry.

We, the undersigned, support the demands of Ronny Kay's family to hold a public coroner's inquest as soon as possible in order to clarify the causes and circumstances of his death.

It is also our opinion that Ronny Kay's family should receive immediate support following this tragedy and that they deserve condolences from the SPVM for the loss of their son and brother.

We are calling on the authorities to respond to these demands so that the family can grieve in peace.
