*** I don't do Animation Commissions ***

What is my art?: I specialize in being fast with my art, making pics that feel alive and have a graphic cartoon color look. **I'm not a good choice if you want super detailed, refined or rendered pictures.** These are for individual sale and not commercial.

What I enjoy drawing most: Sizeplay, Hyper (Boobs and Cocks), Bara, Amazons, Big Tummies, Furies.

What I will not draw: Hardvore, Animal Cocks, Cub, Babyfurs, Characters under 18, **Multi-Limb** (Cocks, arms, legs, balls, tits, heads, wings), Gore, Vomit, Scat, Fart, Diapers, Rape, Ferals, **Overly Detailed Characters/Backgrounds**, hyper pics where you cannot read the character's face.

Things that cost more to draw (Usually because they take more time to draw): Props, Taurus, Wings, Extreme Hyper/Muscle (additional 25% per hyper and muscle.), Extreme perspective, Complex Poses/Characters, Vore, Pictures with more than 3 characters, Backgrounds, Detailed hairiness (Ranges from 15 USD- 45 USD depending upon how much of the body you see), Multiple Versions, Fluids be it precum, milk, or cum.

Discounts

Multiple Character pics get a 10% discount.

Using any of **My OCs** (original characters) gets a 10% discount

Being a **Patron** gets a 5% Discount

The Process

-For Individual Streams-
Before the Stream/Work

*Wait for a commission stream or Bobert opening for Commission Slots

*Fill out the google form available for streams or slots.
(You will need a PP address, reference, and an Idea)

*I will pick out a number of the submissions to do for commissions about 72 hours after the form opens. A list of who was chosen will be posted on socials and discord.. **If you are not on the**

list you were not selected. Feel free to submit again next time and you can ask me what would have me more likely to pick you next time~! Do not DM/PM checking for an update more than once.

*I will send you a PM/IM/DM to confirm the details and what the pricing is of your picture. This may take up to a week due to the volume of commissions that I get.

*For Commission Slots I will ask you for a day that you are free so I can stream your commission to you. The day your commission is done can be any time during the month of that batch. That does mean if I fill up your commission maybe at the end of the month.

*I will then send you an invoice that you need to pay within 72 hours.

The Stream

*Once it is your turn in the stream you need to be there and I will start. This is done on my **Picarto channel** and is a private stream. You may invite your friends with the invite link~!

*While I'm working on your commission feel free to PM in the stream to give notes for adjustments. I will hit them to the best of my ability, notes given earlier in the stream are easier to address. Notes given later in the stream may have an additional cost. But remember I am not a super detailed refined artist so there is a limit as to how much time you can use for fixing.

*I work with a timer, but that is more of an average for how long your pic will take and is more meant to keep me on track while I work.

*While I am working, I will only be taking edits and changes from the person who commissioned the pic. If you have a friend/s who is in the pic with you, I would prefer they talk to you and then you relay what edits you would like to me. Instead of them talking to me because it is hard taking in multiple edits from different people.

***ANY ADDITIONAL DETAIL NOT DISCUSSED FROM THE INVOICING WILL COST EXTRA.** Please put everything you want in the pic into the commission form; anything not discussed on the confirmation note will cost extra or be omitted. (Most common one is alts)

*Once your picture is finished I will confirm with you and then deliver a dropbox link where you can get the high res of your file.

*You are free to post your art however you like. I don't post everything I do but I do try to post it all. I also may post art not immediately but much later. You are free to post it before me or after~!

Commission Rules

1.) Posting Artwork

You may post the artwork anywhere you like, please link back to my galleries or patreon.. I generally post artwork in a queue. First on my discord, then Twitter, and finally FA. You may not sell it without my permission. If you would like your art not posted please tell me when you are applying for a commission it can incur a fee. All artwork I create unless made private is a part of my portfolio and can be sold in my reproductions.

2.) Characters

I am perfectly fine with Rule 34 of pop culture characters. But when it comes to OC's you must get permission from the owner to get art done of them.

3.) Refunds

Before the stream date you can get a 100% refund. Once work has begun you can only get a 50% refund. If the work is finished there are no refunds.

4.) Private Artwork

To have me not post your artwork it costs an additional 15% to the price. This is because I use the art to advertise and sell future commissions. This means it will not appear in my art packs either. **Instead I can mark a commission as anonymous for free.**

Stream Rules

1. Be chill. Racism, transphobia, LGBTQ+phobia, hate speech, politics, threats, explicit violent comments, and general incivility will not be tolerated.
2. Be a mature and responsible adult, if you're not an adult you shouldn't be here. This means do not make others uncomfortable and 18+ only!
3. Do not complain about Raffles, Slots, or Commissions.
4. Don't import trouble or arguments. This chat is not the place for it.
5. You get one warning, one soft ban, and then one Permanent ban.
6. No spamming, RPinG.
7. If you apply for a commission more than once a week after winning a raffle your odds will be lowered slightly.
8. Please try to keep the chat on what the stream is about. **Do not try to make the stream about you or talk over the commissioner or artist.**
9. Mods are the final arbiters of what is or isn't appropriate. Thank you!
