

We are former staff, fellows, volunteers, donors, supporters, and endorsing organizations of Senator Ed Markey's 2020 re-election campaign. We made hundreds of thousands of phone calls, raised millions of dollars, and dedicated years of our lives to re-elect Senator Markey because we believed justice was on the ballot in 2020, and we fought for our collective vision of a Green New Deal, Medicare for All, nuclear disarmament, and re-imagining public safety. When Senator Markey won his race on September 1st, he told us that "The age of incrementalism is over...This election is an undeniable mandate for action. And it is the young people who will lead the way."

As the young people, organizers, and advocates who are responsible for Senator Markey's victory, we are upset and disappointed by his [recent statement](#) on Israel's illegal occupation and ethnic cleansing of Palestine. He followed in the footsteps of Mitt Romney and Donald Trump by saying it's a "both sides" issue, which ignores the current and historical power imbalance between Israel and Palestine — and couldn't be farther from the truth. Senator Markey's refusal to support justice in Palestine is antithetical to the Green New Deal and the progressive movement that won him re-election.

We ask that Senator Markey:

- Demand a serious Congressional investigation of the role of US arms and funding in the violent Israeli repression and displacement of Palestinians in Occupied Jerusalem and the West Bank, along with the long-standing siege and bombing of Gaza;
- Demand application of existing US arms export regulations to stop the deployment of US weapons against civilians in Gaza and elsewhere, which constitutes a flagrant violation of human rights standards and an evident war crime contrary to US law;
- Compose and promote a Senate initiative similar to the House letter circulated by Reps. Newman and Pocan opposing Israeli displacement of Palestinians from neighborhoods of Jerusalem;
- Introduce a Senate version of H.R. 2590 Defending the Human Rights of Palestinian Children and Families Living Under Israeli Military Occupation Act.

Senator Markey told us that young people would lead the way, and now it is time for him to listen to us and stand up for Palestinian lives.
