

What personal data we collect and why we collect it

When you install and use Uzum Games mobile applications, we can collect and process some of your data for different legitimate purposes. You will find below explanations regarding the reasons why we may collect data.

Why is data collected?

Uzum Games and its third-party partners collect data to provide you with the services you asked for and to run analytics and understand how users interact with our product and services to improve them continuously

The third-party partners that Uzum Games will share the data with are: GameAnalytics, Facebook Analytics, Adjust, Voodoo.

Data deletion requests

To delete user data collected by Uzum Games, please reach out to uzumgames@gmail.com

If you also want to request the deletion of the data that may have been collected about you or your device by our third-party partners that are acting as independent data controllers, you will find below the contact for each partner and the link to the relevant section of their privacy policies:

GameAnalytics

email: privacy@gameanalytics.com

privacy policy:

<https://gameanalytics.com/privacy/#6-changing-or-deleting-your-information>

Facebook Analytics

email: none, please refer to the privacy policy

privacy policy: <https://www.facebook.com/policy.php>

Adjust

email: privacy@adjust.com

privacy policy: <https://www.adjust.com/terms/privacy-policy/>

Voodoo

Voodoo does not collect any of your personal data and only provides an SDK package to retrieve the data collected by the above-mentioned partners. You can still contact them to request the deletion of their access to the partners' interfaces.

email: dpo@voodoo.io

Embedded content from other websites

Articles on this site may include embedded content (e.g. videos, images, articles, etc.). Embedded content from other websites behaves in the exact same way as if the visitor has visited the other website. These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracking your interaction with the embedded content if you have an account and are logged in to that website.
