

Cartersville High School Information

Updated 3/31

Students/Parents/Guardians:

Advisory teachers will be contacting all of their advisory students this week to assess individual needs. Students and/or parents that have accessibility concerns, device issues, meal questions or any other concerns, should relay those to their advisor at this time. Teachers will continue to communicate with students via Google classroom, wiki pages, Skyward, Schoology, etc. Below is a list of CHS teachers, their email address and how they intend to convey information to students. Beginning on April 6, students should expect their work for the week to be updated or emailed out on Monday and the work will be due the following Monday. Students in need of paper packets should inform their advisory teacher or call the school office (985-2940) and leave a message. Students and/or parents that have Skyward issues should email Mrs. Levins at clewins@cartersvilleschools.org.

Although the offices are closed, administrators will be checking voicemail regularly, so please call with any questions or email:

Mr. Rogers at trogers@cartersvilleschools.org,

Mr. Diel at bdiel@cartersvilleschools.org or

Mrs. Tyner at styner@cartersvilleschools.org.

As decisions are made regarding student learning and grades, those will be shared via Skyward. Please don't hesitate to call or email with questions and/or concerns.
