Bạn đang xem: The cake is a lie

About

The Cake is a Lie is a catchphrase popularized by the game Portal, and is often used to convey the message that a promised gift is being used to motivate without any intent of delivering.

Origin

In Portal you are required to do numerous tasks in a research facility guided by a computer named GLaDOS, who repeatedly mentions that following the experiment, there will be cake.

As the game progresses, the player finds messages written on the walls as warnings from Doug Rattmann, an old lab worker who has been featured on the Lab Rat comic series. One message scrawled on the walls in later levels reads “the cake is a lie. the cake is a lie. the cake is a lie. the cake is a lie”:

It is later revealed in the game, that in order to keep the AI GLaDOS from killing everyone, she is

fitted with an AI “personality core” that continuously list off the directions and ingredients needed for baking a cake. In addition, the ending credits sequence that follows the game features a song called, “Still Alive” which mentions the cake and features a sole cake at the bottom of the test facility. This cake is a virtualized cartoon version of a Black Forest cake that was sold near Valve Headquarters.
