Lawrenceburg Community School Corporation

Dear Parent or Guardian:

The peak of the cold and flu season is upon us. To prevent the spread of flu in school and the community, we recommend that your child stay home from school if experiencing flu or cold symptoms. To decide whether or not to send your child to school, please consider the following guidelines:

Definitely keep your child at home for treatment and observation if he or she has any of these symptoms:

- Fever (greater than 100 degrees by mouth and your child may return to school only after his or her temperature has been consistently below 100 degrees, by mouth, for a minimum of 24 hours)
- Vomiting (even once)
- Diarrhea
- Chills
- General malaise or feelings of fatigue, discomfort, weakness or muscle aches
- Frequent congested (wet) or croupy cough
- Lots of nasal congestion with frequent blowing of nose

Consider keeping your child at home for an extra day of rest and observation if he or she has any of the following symptoms:

- Very stuffy or runny nose and/or cough
- Mild sore throat (no fever, no known exposure to strep)
- Headache
- Mild stomach ache

To help prevent the spread of illness, teach your children good hygiene habits:

- Get your flu vaccine
- Wash hands frequently
- Do not touch eyes, nose or mouth
- Cover mouth and nose when sneezing or coughing, use a paper tissue, throw it away and then wash hands
- Avoid close contact with people who are sick.

Colds are the most contagious during the first 48 hours. **A child who has a fever should remain at home until "fever free" for a minimum of 24 hours without the aid of medication.** A child who has started antibiotics needs to be on the medication for 24 hours before considered non-contagious and able to return to school. Often when a

child awakens with vague complaints (the way colds and flu begin) it is wise to observe your child at home for an hour or two before deciding whether or not to bring to school. Your child should be physically able to participate in all school activities on return to school. Keeping a sick child at home will minimize the spread of infections and viruses in the classroom.

Thank you in advance for helping make this year at school as healthy as possible.

STUDENT EMPLOYMENT OPPORTUNITIES:

- **Not planning on college? Interested in the trades? This is a GREAT opportunity!**

HIRING FAIR at our local LOWE's TOMORROW! See details in email below.

Good Afternoon,

My name is Matt and I am a recruiter for Lowe's Home Improvement in your area. I'm reaching out to introduce a great program that might be of interest to your students called Track to the Trades. This program is designed to help our employees launch a career in the trades: carpentry, plumbing, electrical, HVAC, and appliances repair.

In this program, Lowe's pays for 100% of our employee's tuition upfront. The only requirements are that the employee has been working with us for six months and must be 18 years or older. During their time in the Track for the Trades program, students will:

- Complete their trade pathway program in 6 to 10 months
- Receive a personal education coach that is available via text, phone, or email
- Be introduced to local contractors that are willing to hire service-minded professionals for an apprenticeship
- Receive ongoing coaching and mentorship to ensure success

Lowe's is dedicated to promoting the trades as a viable alternative to a college education. By 2028, 32% of all skilled trade pros will retire, leaving 3 million job openings in the trades. A great resource for information regarding the trades is Generation T, a national movement started by Lowe's designed to help change the negative perception of the trades through education and immersion events. Our website is amazing: wearegenerationt.com.

Attached you'll find some additional information. I'd love to help your students in any way that I can. I am available for career fairs, info sessions, or any questions that you or your students may have.

Starting 1-22-20 Lowe's will be starting to hire for Spring. We will be hosting open interviews at all local locations from 9am to 6pm. Applicants must be 18.

- **Eckstein Roofing is hiring. See link for details.**
