Student Field Trip Responsibilities

All field trips are a privilege for students and must therefore be earned. With this in mind, it is necessary for Marvin Ridge Middle School to enact a discipline policy regarding the Washington DC trip to be taken on March 16-19, 2026. This policy was discussed in our parent meeting during the spring/summer of 2025 and can also be found at [orangeskytravel.com/200034](https://www.orangeskytravel.com/200034). If students cannot meet discipline requirements then they will be removed from the field trip. **If removed, a student/parent will lose all monies paid for the trip and the student will not be permitted to attend the trip.**

All trip deposits are non-refundable. Payments made through the Orange Sky website.

The following rules are in place to ensure that only responsible students are rewarded with a great trip:

1. Students who earn **1 or more Out-of-School Suspensions** will be removed from the trip.
(Administrative panel will determine actual trip removal based on the OSS)
2. Students who earn **3 or more In-School Suspensions** will be removed from the trip.
3. Students who earn **5 or more After School detentions or 5 Related Arts detentions** will be removed from the trip.

****Please note that if a student misbehaves on the actual trip, that it is within Marvin Ridge Middle School's authority to either fly a student home or send a student home via other modes of transportation. If this should happen, all costs will be incurred by parents who gave permission for their student to attend the trip. ****
