item : a free course for tiktok views

Disrupt : WHY YOU WILL NEVER GET VIRAL ON TIKTOK

Intrigue : you've always seen these TikToks of the most random things like a piece of bread falling, and you see that they have like 1.6m likes and 30m views and then you ask yourself : how on earth can you go viral for literally posting bread falling on tiktok? after that you get excited and try doing it for yourself and get like 14 views, what is the key? what are they doing that i'm not doing?

Click : It's not luck at all, they know something that you don't know, they have that seacret sauce, click here to get some of that sauce FOR FREE!

P-A-S framework practice

item : a copywriting book

Pain & Desire : learning a new skill is all fun and games until it starts to get complicated, we have all been there and it can make the learning process tedious and boring,

and the fact is every skill has complications especially copywriting, that's why it's called a skill after all !

Amplify : copywriting can get pretty depressing if you try and get results but nothing seems to work, but imagine you're in a world where you are one of the best writers in your niche and capable of turning any struggling business into a money printing business, and you get lots of clients on your waiting list just because you do copywriting from a different perspective to anyone out there

Solution : unfortunately that won't be the case for you unless you make an urgent change to the way you write, our extremely limited book '**Take Their Money**' is a groundbreaking tool that will turn you into a **COPY BEAST**, only 17 copies are left so become the beast or get left behind.

H-S-O framework practice

item: a free fb group for yt ads

Hook : How To Make Youtube Money Without a Channel

Story : I know it sounds crazy but its not what you think, let me tell you tell you the story of mo, mo wanted to make money on youtube but he was shy to show his face,

he was scared of getting flamed by his friends making fun of his videos and he knew he wouldn't handle all that roasting, so he thought about it from another way,

he used the ads on youtube to make money not the videos themselves, now he works with multiple clients using this method and he is earning around 12k per month!

and i know mo, he isn't the smartest individual, you are probably smarter than him, but he had acces to a network of experts who taught him the seacrets of youtube ads!

Hook : I present to you an opportunity to join that network commpleatly for free, and they will take good care of you, and the choice is yours.
