

AQUAUDIC/AQUATIK 2024-2025 T.O.S.

GENERAL INFO

- All prices listed are in USD
- I accept payment through Paypal, Venmo and Cashapp. I do NOT accept DeviantArt points anymore.
- My response time for DMs can vary, but I'm most active on Instagram and Discord so that'll most likely be the fastest way I'll respond! I do my best to answer DMs within at least 2 or 3 days.
- I'm a college student, so I'm very busy, so time taken for commissions can vary, especially for paintings because they take a lot of time. If asked I'll be happy to give you an estimate! But in general it shouldn't take longer than two months at the MOST.

PROCESS

If you are interested in commissioning me please fill out the form listed on my carrd! Once approved I will contact you through DMs on your preferred platform, and give you your quote and let you know when I can start your sketch. Please send me any references or idea pictures that you haven't included in the form at this time! Once the sketch is approved you can send the money from a service of your choice. After that I'll start working on the commission. If you'd like WIPs throughout the process just let me know, I'll be happy to send them as soon as I can! After it's done I'll send a PNG file, and can also send a PSD file if requested.

Q&A

What counts as excessive accessories?

- An outfit that's very complicated, more than around ten pieces of jewelry, complex jewelry, a weapon or a bag, glowing features, or elemental features.

What counts as excessive patterns?

- A character with most of its body covered in stripes, spots, horns, etc. or a character with lots of gradients. Basically if the character is extremely animation unfriendly.
