I understand the safeguarding of my child once they are released from school at 3:15 / 4:30 is my responsibility.

I understand that my child has been told that if there are any problems, or if the adult that they are expecting to meet is not there for any reason, they should return to school. Children are not encouraged to bring mobile phones into school but should they need to, these must be turned off and handed into school staff as they enter school.
