

## Toolkit for Stakeholders & Partners

To support DARPL (Diversity and Anti-Racist Professional Learning) communications.

## Introduction to DARPL

### What is DARPL?

DARPL (Diversity and Anti-Racist Professional Learning) is a learning and resource hub for those working in education and childcare to develop an understanding and development of anti-racist practice. Our vision is to ensure that those working within education, childcare and play develop the tools and carry out anti-racist practice that supports the aim of being an anti-racist Wales by 2030.

### Who are our Partners?

Team DARPL is a dynamic coalition of partners with a wide range of expertise from lived and professional experience, including Cardiff Metropolitan University, BAMEed Wales Network, Education Workforce Council, Literature Wales and Arts Council Wales, The Black Leadership Group, Cwlwm, Show Racism The Red Card and other organisations.

### Who can join Team DARPL?

DARPL is a national community for everyone involved in education in Wales. Team DARPL are excited to have the opportunity to work with you, your schools, colleges and organisations, as we all work together within the new Curriculum for Wales.

### Why now?

DARPL launches nationally on the 13 October, 2022. We are introducing an enhanced [virtual campus](#), and opening up DARPL to the Further Education and Early Years sectors, and we're excited to share with Wales the high-quality professional learning opportunities and consultative spaces for challenge and support.

### How can you help?

DARPL is one of the new professional learning areas supported by Welsh Government as part of our recently announced [National Professional Learning Entitlement](#). The training is crucial to delivering the Curriculum for Wales and achieving high standards and aspirations for all.

We want to celebrate the fantastic resources that DARPL is producing, and make sure schools, colleges, early years childcare, play settings and education organisations know about this new resource and community of practice, supporting our aim of being an anti-racist Wales by 2030.
