TOGETHER

MAKE THE WAVE

ACTION PLAN: 7 - 10 JUNE

MAKE THE WAVE is a UK wide Action being held around the country in the four days (7-10 June) leading up to the G7 conference 11-13 June 2021 in Carbis Bay, Cornwall.

MAKE THE WAVE will send a clear signal to Boris Johnson and the other delegates that ordinary people in coastal communities demand more action to tackle the Climate Emergency and Sea Level Rise.

The UN estimates that there could be anywhere between 25 million and 1 billion environmental migrants by 2050, many of those on the move because of the effects of Sea Level Rise.

We will soon be experiencing flooding around our own coasts as other Island Nations around the world are already suffering.This means sea level rise will affect everyone and especially those in your coastal communities.

And as such **MAKE THE WAVE** could be a way of reaching out and getting together with other local groups. This light touch action plan intends to provide information and guidance. What you do on the day is entirely up to your local group. This is your chance to be creative and imaginative. When your group has decided to take part, please let us know HERE

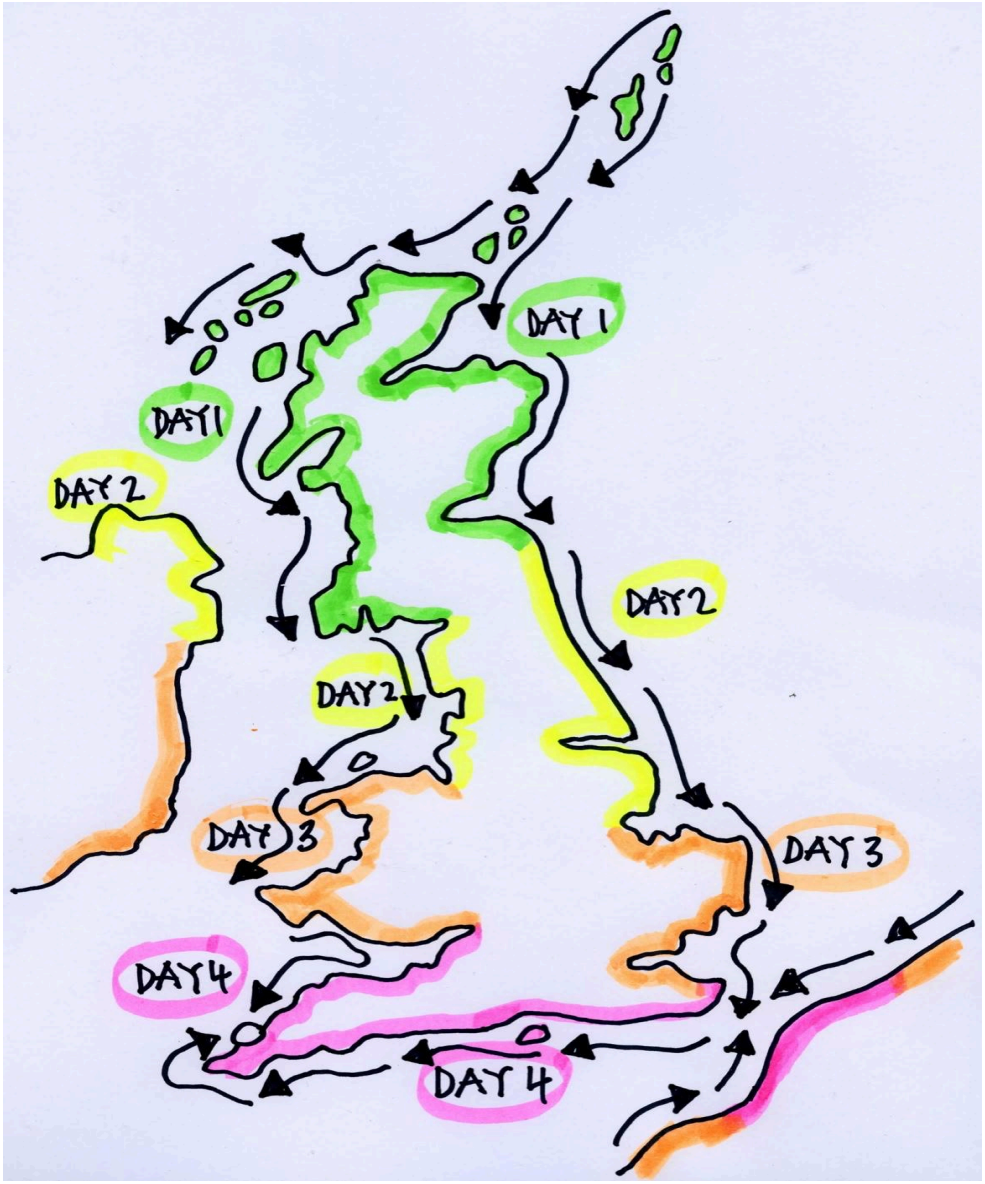

We will add you to the map and your group will change from a dull grey to a vibrant GREEN on the map HERE

WHERE: EVERYWHERE

Individual, self directed Local Group Actions starting in Scotland on the 7th then activating around the coast in Regional Groups day by day, reaching Carbis Bay on June 10th. Inland groups, if you can't get to the coast, do make an action inland. Wherever you have your Action please send your Action pics to our telegram link HERE

DAY 1: 7th June
DAY 2: 8th June
DAY 3: 9th June
DAY 4: 10th June

When our Actions leading up to G7 are done, the G7 Cornwall Rebellion take on keeping the pressure on our World Leaders during the summit: https://xrsw.uk/groups/cornwall/

MAKE THE WAVE is your chance to participate in a mass UK Action, while remaining Covid safe and without travelling. By doing this together, we will send the powerful message of urgency we all feel about what faces our beautiful damaged planet, our precious children and grandchildren locally and globally.

ARTS AND MESSAGING

As we have all had a very disrupted and difficult year we suggest that we put all our creative skills to use in creating something dramatic, symbolic, beautiful, that will engage people and their curiosity and wonder rather than antagonise the weary and possibly bereaved…

Some inspiration from the first ever appearance of The Red Rebels Brigade at St Ives in Cornwall August 2019

Some previous coastal XR ACTIONS to inspire your own unique local action with MAKE THE WAVE

INFORMATION STATIONS
Your action is a great opportunity to inform your community about the dangers of sea level rise due to Global Heating and the refusal of our governments to take effective action.

Please make your own Information Station about how Sea Level Rise will affect your area. Many people are still unaware.
To find out the level of sea rise in your area check these MAPS

CLIMATE CRISIS FACTS FOR INFORMATION STATIONS: HERE

Plus facts from top Climate Scientists working with Extinction Rebellion.

WEBSITE
To link to our website with information about Climate Crisis and Sea Level Rise, please use this QR code on your printed handouts, leaflets, posters and banners so that people can find out about why you are MAKING THE WAVE and the information behind it:

REACH OUT TO YOUR LOCAL COMMUNITIES:
Invite local climate Activists and Coastal Groups and to join you for this action:

Guidance on who to reach out to.
Guidance on how.

MOVEMENT OF MOVEMENTS.
As well as XR there are many wonderful activist groups campaigning around the coast about all things sea related, we suggest you invite them to join your action under their own banners. For instance Greenpeace and our local Green Party Councillors are joining my local Action so that we create a Movement of Movements fighting Climate Change…

BANNERS
Create your own or reuse XR banners and invite other organisations to bring theirs to the protest... Greenpeace, Friends of the Earth, Surfers against Sewage and many others are all allies in the same fight. If you need some inspiration for your own, we suggest:

G7 DROWNING IN PROMISES
G7 YOU HAVE THE POWER TO TURN THE TIDE
G7 TELL THE TRUTH. ACT NOW.
FOSSIL FUELS = SEA LEVEL RISE

Together MAKE THE WAVE
Everyone MAKE THE WAVE

CONNECTIONS ACROSS THE OCEANS
As well as local XR Groups and friends, we are being joined by campaigning groups from over the oceans:

Pacific Islands Students Fighting Climate Change:
www.pisfcc.org

Indonesia:
(8) XR Makassar | Facebook, Extinction Rebellion Makassar (@xr_makassar) • Instagram photos and videos
We hope France and Germany, who are also G7 members, will join us. And The Netherlands, who have had much experience of floods and inundations.

YOUR INDEPENDENT ACTIONS: Beautiful, Symbolic, Serious, Sacred, Powerful Self directed Actions, but please follow the
Extinction Rebellion Non Violent Direct Action Guidelines

PRESS: Your chance to inform the wider community.
Write a press release about your action, mention any other groups taking part and explain why you are holding this event, what it will look like, when, and where it is happening and send it to your local papers.

Press release template HERE
Guidance on how to write a press release HERE

CELEBRATE AND SHARE: During and after your action please send your pictures and short videos to where we can share them titled MAKE THE WAVE & your town or beach:
Make the Wave on XR live action
Make the Wave on YouTube
Make the Wave on Facebook
Make the Wave on Instagram
Make the Wave on Twitter

OUR WEBSITE: makethewave.eco
On social media please use hashtag: #g7wave
Please join the MAKE THE WAVE Telegram and / or Mattermost groups to share ideas, ask questions and make plans with others taking part.

COVID AWARENESS:
Different nations have different regulations, for example England hopes to be in step 3 of the easing of lockdown roadmap in early June. Please check out your local regulations when planning and carrying out your action. Guidance changes as the rules change, but see:

- · HERE for Wales
- · HERE for Scotland, and
- · HERE for England

RISK ASSESSMENT TEMPLATE: Template_RA_Covid-19_2020_Protest.v.2.docx - Google Docs

STIMULATION & INSPIRATION: Although **MAKE THE WAVE** is a very different Action, here is a reminder of what we achieved working together in 2019 & **2020**

PLEASE CHECK FROM TIME TO TIME THROUGH THE GOOGLE DOCS LINK THAT YOU ARE READING THE MOST UP TO DATE VERSION OF THE ACTION PLAN. WE WILL BE ADDING INFO
