SOCIAL MEDIA STORM: MONDAY, APRIL 15, ALL DAY

#NotMyTaxDollars #Strike4Gaza

NOT MY TAX DOLLARS SITE: notmytaxdollars.org

Every year, the U.S. government writes Israel a blank check for at least \$3.8 billion to fund Israel's massive violence against the Palestinian people.

The average individual taxpayer pays \$25.25 in weapons to Israel each year. Since October, Israel has murdered 41,000+ Palestinians in Gaza including 15,000+ children, and now Israel is provoking a regional war with Iran.

We're all paying the price of this genocide—with our tax dollars. Find out how much money people in your city spend on Israel, and what could be funded instead at NotMyTaxDollars.org.

This **Tax Day, April 15**, we call upon everyone to stand in solidarity with Gaza and for the liberation for Palestinian people. Join our coalition's call for a national [#STRIKE4GAZA](#):

1. Abstain from business as usual (e.g., no spending, no work, no school, no banking)
2. Abstain from participation in any form of action that stimulates the economy
3. Join local demonstrations in support and solidarity with Palestine on April 15.

All day on Monday, April 15, speak up on social media. Use this social media toolkit to make sure everyone knows that our tax dollars are funding genocide.

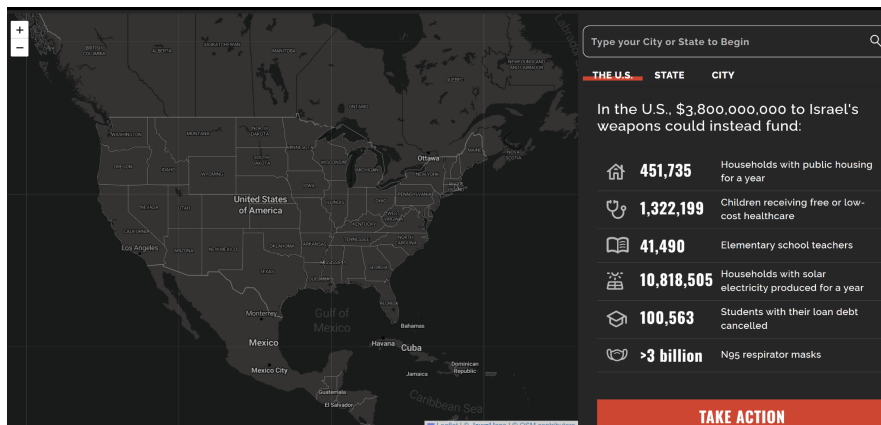

US CAMPAIGN FOR PALESTINIAN RIGHTS

NOT MY TAX DOLLARS

The campaign is rooted in:

1. The demand for an immediate and permanent ceasefire and a liberated Palestine
2. Naming the harm of U.S. military funding to Israel
3. Uplifting demands across movements to reinvest in life-giving policies and **STOP ARMING ISRAEL.**

**ON TAX DAY, POST WHAT YOUR COMMUNITY'S TAX DOLLARS
COULD GO TOWARD INSTEAD OF FUELING GENOCIDE. [USE THE
MAP AT NOTMYTAXDOLLARS.ORG.](https://notmytaxdollars.org)**

Using the map, click "Take Action," and then "Share Now" to produce a graphic specific to your city, then post it. You can find language & graphics on this campaign below for you to share across social media on **Tax Day, Monday, April 15, 2024.**

Did you know that the average individual taxpayer pays \$25.25 in taxes for U.S. weapons to Israel each year? Since October, Israel has murdered 41,000+ Palestinians in Gaza including 15,000+ children with our tax dollars. I'm furious that my U.S. government is using my tax dollars to fund this genocide and kill Palestinian families. Now, as Israel provokes regional war, more weapons would only further embolden Israel to expand its massive violence.

Congress should be funding care for our communities, NOT killing. Today, on Tax Day, take a moment to envision what a liberated future could look like using @uscpr's interactive tax map. See the possibilities when the U.S. stops arming Israel & funds what our communities really need, like healthcare, housing, and education. Share the graphic for your city using the map at NotMyTaxDollars.org, and then join the #Strike4Gaza today.

#NotMyTaxDollars #Strike4Gaza

Why are we paying the price of this genocide—with our tax dollars—instead of meeting our communities' needs? People in my city are forced to pay **ENTER AMOUNT** in taxpayer money to fund Israel's massive violence against the Palestinian people. Since October, Israel has murdered 41,000+ Palestinians in Gaza including 15,000+ children with our tax dollars. THIS IS GENOCIDE.

This Tax Day, I demand that the U.S. stops arming Israel & funds what my community really needs, like healthcare, housing, and education. Use the tax map, share the graphic for your city, and join the Not My Tax Dollars campaign at NotMyTaxDollars.org.

TEXT YOUR FRIENDS ABOUT THE #STRIKE4GAZA AND NOT MY TAX DOLLARS MAP

National strikes are most effective with mass participation, but not everybody is on social media to hear about it. For the **#Strike4Gaza on Tax Day, April 15**, it's up to you to spread the word far and wide. Text your friends, your family, your group chats, your whole contact list to tell them about the strike. Make sure EVERYONE you come into contact with knows that Israel is using [our U.S. federal tax dollars](#) to mass murder Palestinian families in Gaza. Here's a sample message you can send:

Hey, if you haven't heard yet, this Tax Day, Monday, April 15 is the national #Strike4Gaza. That means no work, no school, no spending, and take action. Our U.S. government is abusing our tax dollars to arm Israel with deadly weapons, killing 41,000+ Palestinians in Gaza these past six months. We all need to resist if we're ever going to end this genocide. Will you join me?

FILM A VIDEO OF YOURSELF USING THE MAP

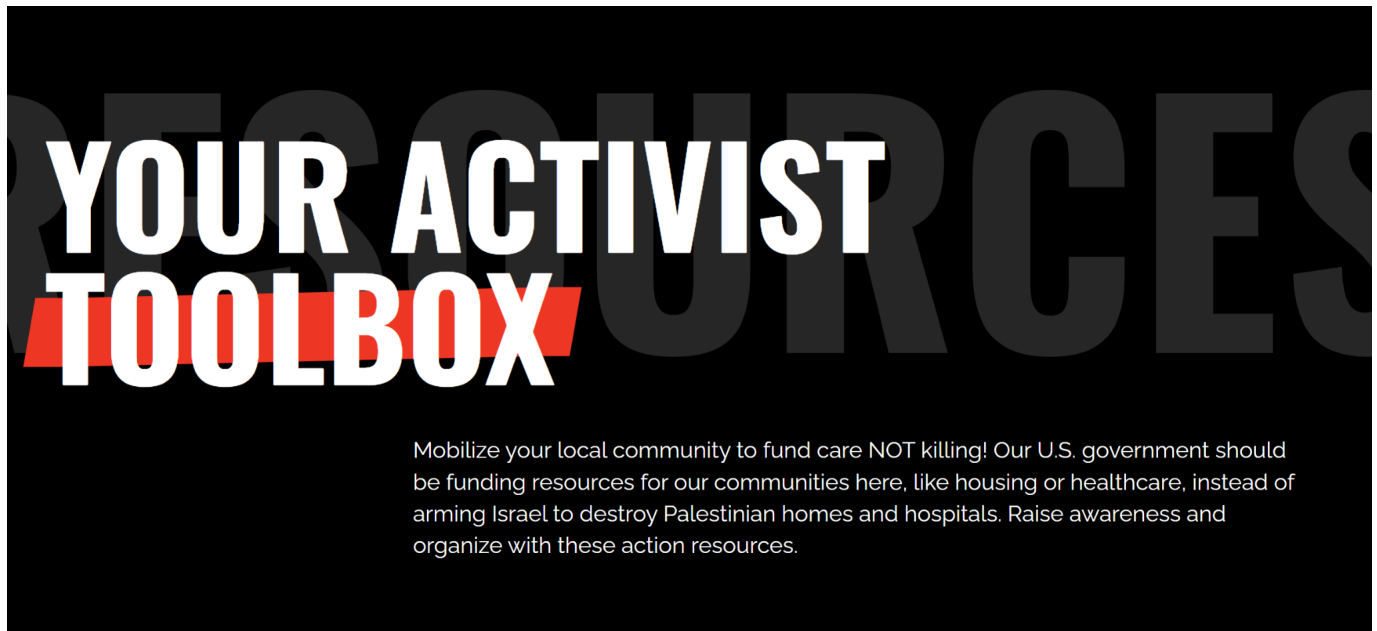

Overlay yourself on top of our tax map ([as this user did over a news article](#)) to share what you find out about your city's tax dollars, and how it could be better invested in life-giving resources, not killing Palestinian families.

We want you to share your own perspective and authentic voice, so rather than read off a script, here are some ideas and points you could decide to make:

- Highlight that tax season is a good time to protest where our tax dollars go
- Remind your viewers that since October, Israel has murdered 41,000+ Palestinians in Gaza, including 15,000+ children with our tax dollars. This is genocide.
- Call for ...
 - An immediate and permanent ceasefire
 - More aid, not less, to organizations like the United Nations Relief and Works Agency (UNRWA) for Palestine
 - An end to U.S. military funding for Israel & the unjust military occupation and oppression of Palestinians. Free Palestine!
- Remind your viewers that we are ALL paying the price of this genocide with our tax dollars
- Encourage your people to get informed and spread the word further at <https://www.notmytaxdollars.org>
