

Selena Tells All

Selena Gomez was backstage eating some dark chocolate Lindt balls waiting to be introduced on the *Tonight Show* with *Jimmy Fallon*. This would be her 7th appearance but Selena hasn't been on the show since Jimmy talked her into a hot pepper eating contest making Selena violently ill afterwards.

After being promised that there would be no more eating games, Selena decided to give Jimmy another chance. A stagehand knocked on her dressing room door and Selena was led down the hall until she was behind the curtain. Jimmy made his introduction and Selena made her entrance. Jimmy met her half way and gave her a hug then escorted her to her seat.

Jimmy: Selena, thanks so much for coming back. You look amazing as always.

Selena: Thanks, Jimmy. It's been some time.

Jimmy: You've been a busy girl lately. Rare is your biggest selling album and you just finished a series on Hulu and . . . you started a Cosmetic line all during the pandemic.

Selena: It's been a trying 18 months. Recording was easy but filming during a Pandemic is challenging.

Jimmy: Thanks again for coming back. I know your last appearance didn't go as planned.

Selena: I wasn't so sure I'd ever come back after the last time. I was really pissed off.

Jimmy: I'm so sorry. I had no idea that the ghost peppers were so hot. Do you remember?

Selena gives Jimmy a dirty look. Jimmy points to the screen where a video showing Selena and Jimmy eating hot peppers plays.

Selena: You know I threw up afterwards. It was horrible.

Jimmy: I tried to see you but you had already left.

Selena: They wanted to take me to the Hospital. I was so mad at you I was literally seeing red.

Jimmy: I hope you got the flowers I sent the next day.

Selena: They were very nice, I calmed down a bit by then.

Jimmy: Again, I'm sorry. Now let's talk about why you're here.

Selena: Let's do this, Jimmy.

Jimmy: Have you ever kicked off one of your shoes?

Selena: Yesssss? Sometimes when I get home at night. Especially high heels. I can't wait to take them off.

Selena raises her eyebrow and looks at the audience.

Selena: That's a weird question.

Jimmy: Have you ever played shoe golf?

Selena: I golf with shoes on. OK, what am I getting myself into?

Jimmy: You kick your shoe and whoever makes it into the cup with the fewest shots wins. Are you ready?

Selena: Are you serious? We're going out to a Golf Course.

Jimmy laughs.

Jimmy: Actually we have a course set up in the studio. We'll start back by my office and end up on stage

Selena: I'm wearing a short dress. I can't kick my legs up without showing my panties.

Jimmy: Nobody will see. Let's go.

Selena: But Jimmy. I can't do this in these heels.

Jimmy hands Selena a pair of Vans ComfyCush Checkerboard Slip-ons. She takes off her heels and puts on the shoes and they go backstage as the two get ready to start Jimmy's shoe golf.

Selena: They're a perfect fit. How did you know my shoe size?

Jimmy: You'd be surprised what you can find online.

Selena; At least I don't have Biel feet.

Jimmy: Biel feet? What does that mean?

Selena: Nevermind, just an inside joke among us actresses.

Both are proving to be very bad at shoe golf and they battle back and forth neither being able to get their shoe in the cup.

Jimmy tries cheating but gets caught and scolded by Selena. It comes down to the final putt and Jimmy misses a gimme and Selena wins,

The Tonight show fades away with Selena raising her Checkerboard shoes in the air. After a commercial break the show continues.

Jimmy: Welcome back. You just finished filming "Only Murders in the Building" . Tell us about it.

Selena: It's a crime/drama/comedy on Hulu created by Steve Martin. It follows three strangers, Steve Martin, Martin Short, and myself, who live in an Apartment building in New York and share an obsession with true crimes. Things take a turn and they suddenly find themselves wrapped up in a true crime of their own.

Jimmy: I saw the previews and it looks amazing.

Selena: It has so many twists and turns it keeps you on the edge of your seat.

Jimmy: When do the episodes drop?

Selena: Early August. Just plan on putting 10 hours aside because once you start binging you can't stop.

Jimmy: Now I want to get to something that our staff discovered a few weeks ago.

Selena gives Jimmy another look then turns to the audience.

Jimmy: Take a look at the screen.

Selena's face goes pale as she looks at a picture of her with Hilary and Hailey Duff. Selena tries to play it cool and brush off the photo.

Selena: That's me with the Duff sisters. And why would you show that?

Selena does her best to play innocent.

Jimmy: A little birdie told me that you've been having trouble with the former Disney Star and her sister.

Selena: Trouble? What do you mean by trouble?

Jimmy: I heard that you and Hilary aren’t seeing eye to eye at the moment. What in the world is going on?

Selena is now glaring at Jimmy who smiles and keeps pushing Selena's buttons.

Selena: They are wonderful actresses. That was years ago, where did you find that?

Jimmy: That's not important. Is this the first time you met the Duff sisters?

Selena: I saw Hilary at a few Disney events but I was new and she pretty much ignored me. Demi Lovato and I once tried to get some advice from her but she didn't offer up much. I guess she felt it wasn’t her place.

Jimmy: Do you think that was kind of rude of her to be dissing her co-workers?

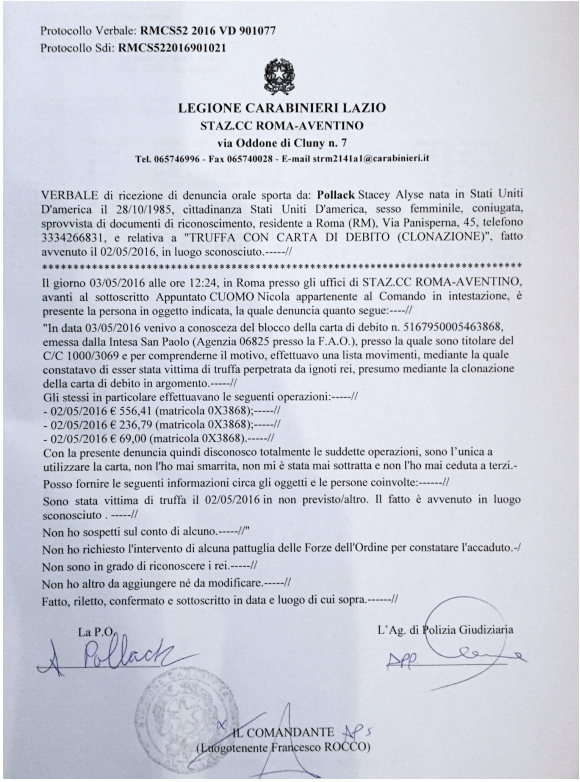

Selena: I don’t know, Jimmy. You tell me. Lizzy McGuire was the biggest show on Disney and Hilary was a huge star back then.

Jimmy: So she’s not a big star right now?

Selena: Are you trying to get me to say something bad about Hilary because I won’t.

Jimmy: From the information we gathered, that's something that happened many times already.

Selena: You can’t believe everything you hear. I don't know Hilary very well but as far as I know we get along.

Jimmy points to the screen that now shows a Police Report from Naples Italy where Selena and Hilary were both charged with disturbing the peace, resisting arrest and indecent exposure.

Jimmy: Do you remember this?

Selena: And how am I supposed to read this?

Selena is now furious.

Jimmy: I believe it says that you and Hilary . . .

Selena: I paid a lot of money to make this go away. How did you find it?

Jimmy: We have our detectives. What happened between you and Hilary?

Selena takes a deep breath.

Selena: If you must know, Hilary and I haven’t been seeing eye to eye for a few years now. We’re in Italy and we run across each other and I’m trying to play it cool and avoid her but she had other plans.

Jimmy: If I read this Policia report correctly Hilary beat up a chambermaid, stole her clothes, impersonated her, broke into your Hotel room then attacked you. This can’t be true, can it?

Selena: That’s pretty much what happened but she *tried* to attack me. She wasn’t successful.

Jimmy: And you did nothing to provoke this?

Selena: Oh I may have flipped her off or something stupid like that but it’s fairly accurate. Hilary knocked out this Italian maid, stole her clothes and came into my Hotel room and tried to jump me.

Jimmy is now the one with a slack jaw.

Jimmy: Beat up a maid? Broke into your room? Attacked you?

Selena: I knew it was her right away and jumped her before she could get me, I took off her bra and used it to tie her up.

For the first time in his career Jimmy is now speechless. All Jimmy can get out is a single word.

Jimmy: Bra?

Selena: It should have ended there. I would have eventually untied her but this maid found us and brought one of her friends.

Jimmy: This is the maid, the one Hilary beat up and stripped.

Selena: Yeah, her. She got another maid and they called the cops but not before they fought us.

Jimmy: And that's where you got arrested?

Selena: Not until we got into it with the maids. They were these wannabe Instagram models who wanted their 15 minutes and were going to post our fight.

Jimmy: Then how come we never heard about this?

Selena: Like I said, it cost a small fortune but thanks to you.

Jimmy: We just had Kristen Stewart on and she told us about this underground league where actresses, models, and singers can get into cage fights. Are you part of this?

Selena: I've known Kristen for years

and I absolutely love her to death. She is such a positive person. She cracks me up and we laugh for hours.

Jimmy: Is this after you get high?

Selena: No! But you do know that Kristen is famous for her practical jokes. She's pulling your leg, Jimmy.

Jimmy: We have these pics of you in a celebrity boxing competition at the MGM Grand. It looks like you can take care of yourself. Are you sure you're not part of the UCC?

Selena: I'm all for empowering women and if they want to fight in a cage then they should be able to. It shouldn't matter if you're a model or an actress or an Instagram star. If you choose to fight in the cage then you should be able to fight in the cage. Is there anything wrong with that?

Jimmy: Nothing at all. I just wish they would make it more mainstream and maybe broadcast some events. Have you ever fought either of the Duff sisters in caged combat?

Selena can't stop from grinning.

Selena: I've done pretty well against Hilary and I just stomped Hailey. Let's just leave it at that.

Jimmy: So you DO fight in a cage. I knew it.

Selena: How else are we going to settle our differences?

Jimmy: I don't know. Maybe dress up as a maid and fight it out in a Hotel room.

Selena shakes her head as the audience moans.

Jimmy: Selena Gomez everybody.

The lights dim and Jimmy holds his hand up and Selena pretends to shadow box as the Tonight Show goes to commercial..
