

RisqueRaptor's Terms of Service *and Commissioning Prices*

Updated July 30, 2023

Thank you for considering this freelancer anthro artist to curate your commission! If you are selected, the artist will contact you back either by the provided messenger handle or by email if no other handles are shared. The prices listed are only estimates and do not reflect the total price of the quote. Total price quote may be higher depending on the complexity of the characters, poses and background.

From there you will be provided a proper price quote, then you (plus any other involved parties) and the freelancer may discuss and modify the commission details before an invoice will be sent to your Stripe, Square or PayPal accounts when all parties are in agreement.

All commissions below \$100 USD must be paid upfront after the sketch phase is completed. All commissions \$100 USD or above may have a two-part payment plan to be discussed unless payment is divided between more than one commissioner. All payments must be made using the same payment platform. If the commission payment is divided into two halves, the first half must be paid after the sketch is approved and the second half must be paid before completion of the commission product before it is received.

Until all payments are fulfilled, all versions prior will be web resolution and have a watermarked preview to prevent fraud. If you refuse this condition, do not accept the agreement nor submit a commission form.

If the commission involves multiple characters with mixed compositions, the first character with the highest composition will not be discounted. For this reason, the commissioner may only select one Style Tier. For example a three-character Colored Sketch consisting of one Full Body character (\$40 USD) will be paid in full, and the two Torso characters (\$30 USD) only will be discounted to 75% (Full body \$40 + [Torso \$30 + Torso \$30 * 0.75 Discount]). Therefore the total cost will become \$95 USD.

Notes About Me

- ❑ **I have ADHD (Attention-Deficit/Hyperactivity Disorder) meaning I am often unfocused.** I need constant reminders to stay on track. I would appreciate it if you would like to ask me once in a while for an update (just not too frequently like daily).
- ❑ I am currently employed as a barista. My work schedule is unpredictable therefore delays in the delivery of your product are possible.
- ❑ Please have references of all of your characters and a brief description for me to work with including height and gender.
- ❑ If you want me to make a brand new character, have all related references including important features. I can work with text only but expect complications during creation.
- ❑ Simple instructions are preferred. I work better with direction and brevity.
- ❑ My ideal turnaround is at maximum one to two weeks per commission in a batch queue.
- ❑ I expect communication within at least 48 hours, or two full days, from your last reply.
- ❑ My choice in handling commissions will be through email (risqueraptor@gmail.com), SFW Twitter ([@RisqRaptor](https://twitter.com/RisqRaptor)), NSFW Twitter ([@RisqueRaptor](https://twitter.com/RisqueRaptor)) and Telegram ([@RisqueRaptor](https://t.me/RisqueRaptor)). Discord (risqueraptor) and FurAffinity notes ([RisqueRaptor](https://www.furaffinity.net/user/risque-raptor/)) are not preferred but may be used.
- ❑ I do accept group conversations between multiple commissioners for one product!
- ❑ Please be direct and clear with your message as possible. I tend to assume often.
- ❑ My weakest experience is working on backgrounds and perspective. I will do my best to work with your ideal background with a proper reference provided, but commission these themes at your own risk.
- ❑ Despite my right to live stream the creation process of your product, I will usually ask for permission to live stream it as well as schedule a time frame for you to participate.
- ❑ I live in the Pacific Standard Time (GMT -8).
