

«TURAN» UNIVERSITY

INTERNATIONAL SCIENTIFIC AND PRACTICAL FORUM

"Business, state and education: formation of a model of interaction in innovation processes"

April 24 -28, 2023

«Turan» University invites Kazakhstani and foreign scientists, teachers, doctoral students, representatives of scientific institutions, business communities, government authorities and public organizations to take part in the International Non-Governmental Fund "Business, State and Education: Innovations in Action", which will be held on 24 - April 28, 2023 at Turan University.

The purpose of the forum: to determine the priority areas of interaction between the education system and business structures and authorities in the context of the transformation of the economy in order to promote the country's innovative development.

Forum Tracks:

- directions of interaction between the systems of higher education, science, government and business as a fundamental factor in the development of the country in the future.
- problems of universities on the way to integration with the industrial sector;
- ways to transform science, technology and education, culture in order to promote the socio-economic development of the country and society;
- directions for the formation of sustainable relationships between universities and stakeholders based on modern management tools;
- vectors for the development of student entrepreneurship in higher educational institutions;
- trends in interaction between the state and business communities and the use of foreign experience in this area;
- digital transformation of universities in the light of future innovations.

The program of the forum includes the following events:

1. Round table on the topic "Business, government and education: innovation in action" with the participation of business practitioners, representatives of government authorities and representatives of Kazakhstani and foreign universities;
2. IV ISPC "Logistics of the Great Steppe" on the topic "Logistics: Development Trends and Modern Trends";
3. ISPC "Republic of Kazakhstan in the system of international economic relations"
4. Round table "EAEU - are there any prospects for further integration".

In addition, a series of master classes and workshops will be held within the framework of the forum, detailed information on which is presented in the Forum Program.
