Planned Accomplishments for Upcoming Week

Action Item	
Assigned to	Planned Accomplishments
Beverly	1. Plan and schedule a weekly meeting with Dr.Katz. Get more data and insight on spectrum analyzer. Build and test an antenna for next week.
Alex	1. Make sure to write registrar module and verilog; host is done just needs to be updated
Evan	1. Have the rectangle fill engine complete
Jacqueline	1. Revise python code so that it could read CSV file and produce a dashboard and input revisions on Github
Dr. P	1.
