

Dear Fritz,

I wanted to thank you again for such a lovely evening last night! It was so generous of you to host us for dinner and games, and I had a marvellous time! Most wonderful of all, though, was the opportunity for us to get to know one another better and become more familiar - I hope you feel the same! <3

I am writing to ask if you would care to accompany me to a show at the Sapphire Theatre next week. It is called *Temptations in the Depths* and should prove to be most intriguing, I hope! (Although perhaps not so fascinating that we have no time to ourselves!)

Let me know what you think, and if you wish to join me, we can make the necessary arrangements!

Affectionately yours,

Saiya Harrowden
