1.1.1.Subsubsection (Heading 4 Style)

Expressions are indented for 0.5 cm. Functions, variables and Greek symbols are in *italics*, font size 11 pt, subscripts and superscripts are 7 pt, while symbols are 14 pt.

$$k_c = k_{c,z} = \frac{1}{k_z + \sqrt{k_z^2 + \lambda_{rel,z}^2}} \quad (\text{The expression number is aligned to the right margin.}) \quad (1)$$

Where:

k_c – The first variable,

k_z – The second variable, ...

For the text inside tables use Table Style, and for table and picture titles use Caption Style.

For displaying tables use the option Insert table, with line thickness 1/2 pt, and shaded heading (Design→Borders→Borders and shading→Shading→Style = 10%). Before the table title and beneath the table leave one empty row. The word Table is capitalized in the text.

¹ Title, institution and address, email:

Table 1 – Table title

The quality of images has to be as good as possible (scanned images are not acceptable). Diagrams, graphics, drawings and images must be sent in their original form along with the paper. In the text, all illustrations are figures, and the word Figure is capitalized.

Before the Figure and beneath the Figure title, leave one empty row.

2. CONCLUSION

3. REFERENCES

Only sources used in the paper preparation can be mentioned in the reference list. Arrange the references in the order of appearance in the document. When referring to literature, use the reference number in square brackets in the appropriate place in the text. In case of citing multiple sources at a time, each reference number is in its brackets separated by a comma [2], [3], or a dash [1]-[3]. To format the bibliography, use the References icon, which automatically performs numbering. The following are examples of correctly cited literature.
