

EPISODE 1

Well, alliances have been formed. I am cool with Ryo, Jake, Gruff, and myself, and in an alliance of 6 we got 4. I am hoping we don't lose a challenge because I am going to try to be "buddies" with the other 2 and who knows, I might work with them.

- Rev (La Chimba)

Ok here comes my first confessional. This is so exciting. Ryo approached me pretty quickly about an alliance and I was so down. I told him I want to be ride or dies. My general strategy for this game is going to be to fuck over whoever I have to but keep Ryo with me all the way. As long as I have that one person to stick with through the game i think I'll be solid.

Apparently, Jake and Rez approached Ryo and said they wanted to make an alliance with him and me so that's happening now. They both seem pretty cool so hopefully we can stick together for a while.

If we have to go to tribal my first target is going to be Alex. I looked through his profile and he spoiled tonight's boot in a comment which is annoying and also makes me think he could be untrustworthy in this game.

Anyways this is my first org and I was open about that so I hope I'm not getting played right now. We'll see how this goes.

- Gruff (La Chimba)

I'm so excited to start the game! It's going to be amazing staying in such a beautiful place filled with...erm...sand and.... flamingos and...nothin to build a shelter with in sight....hm. Maybe this'll be a bit harder than I thought, but either way, I'm ready to get it on!! I already from the jump was approached by Rev, Gruff, and Jake, and all three of them wanted to align with me. As for the other two members of our tribe, they haven't seemed to have joined the Discord yet, but hey, maybe tomorrow I'll get a chance to meet them. For now it seems like I'm set on a team situation, and I'm ready to roll! Get ready Atacama Desert, cause I'm comin!

- Ryo (La Chimba)

tbh im lonely hbu

- NoAvi (Antofagasta)

Nifty wuz here

Andrew Confessional 1: I've seen some people number confessions so I'll give a shot because why not. This game is off to a great start! This cast looks extremely unfamiliar to me and as someone with a reputation, that is such a huge relief. I am the single season comp record holder in two of the biggest Big Brother discord orgs and that reputation has fucked me in half the games I've played. In my first survivor, I didn't understand the importance of toning it down. Pre-merge felt like co-op mode so I just went balls to the wall and my tribe never went to tribal council. Different story entirely when merge came around! After that, I learned the importance of blending in, maintaining shields. In my last Survivor before this game, I did exactly that and it helped that the cast knew nothing about me. I played the old-dad-completely-out-of-his-element role, got in tight with the challenge threats and overplayers, and was able to mask my skillset until the end when it was most important.

So my tribe is Antofagasta. Jaylen, Eli, Tom, Canadia, NoAvi, and myself. I've seen Eli around in a few servers, maybe Jaylen too, but I've never spectated any of their games. Maybe they haven't spectated me either. I hope not. This tribe feels like a clean slate, and I'm looking forward to it. Usually, I pick a number one and I am completely free with information with them while being more reserved with the others. Nobody stands out at this time but its early. I don't even think everyone is in the server yet. I'll give it another day and see what develops. Eli and I chatted a little bit. She seems nice but she is REALLY playing up the naive/overwhelmed/shy schtick. If that's authentic, that's fine and maybe I can keep her close to me, but right now it feels a little forced so I'm not sold on her yet.

As for the other tribe, on La Chimba I know Rob of JRZ fame. He DEFINITELY knows my reputation. I've won his BB series AND his survivor series. We've played once before and he was hesitant about working with me because of swap dynamics but it ended horribly for both of us and we both agreed that we wanted to work more closely together if we ever played together again. I hope that means he'd want to

work with me rather than use my reputation against me, but its hard to say. We're not on the same tribe right now so he may be (intentionally or unintentionally) informing his tribemates about what I can do. That's happened before and it blew up my game at merge.

On Lascar, I know Marcell, Shane, Akir, and Abby so that'll be interesting. Marcell and I played together in my very first ORG and he's awesome, but his game blew up pretty early. Akir is a walking meme machine who has flashed SOME decent game sense. I actually think he and I could work well together if I can tolerate the memes. Abby seems to go out early in every game i've seen him in, but he's a good guy. The jury is still out on whether we'd work together or not. And shane is someone i just recently met because he was recruiting me for his Genius org. He seems like a good dude and he'd probably want to work with me, but I don't know anything about him as a player.

This was a pretty beefy confessional. I don't think all of mine will be this long, but I'd love any feedback y'all have on the length/format/whatever. I'm not the kind of player to play sloppy just to entertain specs, but I really do try to put a lot of effort into maintaining a quality confessional. Here's to a great season. Lets go.

- Andrew (Antofagasta)

Yo so like im in my tribe atm There's some kinda like vulture on my buff. Did y'all guys cast a theme? Because i'd say I'd wanna play like a vulture y'know, let the big guns fire at eachother then come in for a kill.

Like i said in tribe chat though, I wanna appear like a flamingo, pink, camp & easy to topple over!

- Abby (Lascar)

also ive hit up the 3 people ive talked to for a f2

oof ok so flip responded first and he wants majority and last time someone said "i want majority", 3/4 of the alliance backstabbed the rest a day, and hours after it was made, staged drama started, sooooooooooooooooooooo

- NoAvi (Antofagasta)

i actually lowkey regret having a furry as my manga. Should've gone with a BarneyTheDinosaur manga :'(

- Barney (Lascar)

Okay this is great. I was like freaking out last night bc i had only silly conversations with a few and we didn't talk about the game so much. I was so worried and afraid that they wouldn't ask me for an alliance but well, it was too early. This morning i woke up and i had a few messages from NoAvi, and he/she? said that with Tom, they wanted to include me in an alliance. I mean, i didn't do anything yet and i'm already in an alliance! My strategy is working so far... The best thing is that no one in this tribe knows how i played and how aggressive i used to be. Know i'm chill, letting the others be the leader in this tribe but also looking at everything very carefully. I hope we don't go to TC though, i just don't wanna take the risk and found out "omg we were lying to you! bye bitch" nah. I have really trust issues and i think it's time to find a #1 ally, and honestly, i think that they're already a pair. But everything's good now, i talked a little bit with Andrew and he seems okay. I saw him play once but i can't remember where and how was his game, rip. I talked with Tom the most and he's great, well we only talked about new Zealand and Argentina but well nothing really important... NoAvi is weird, but i appreciated that he/she/it wanted me to join their alliance. We literally talked like 13 messages and then that died lmao. I sent Canadia a message but she's offline so i'm waiting for her to come online and more tribe mates to join.

- Eli (Antofagasta)

yah yah yeet

GUESS WHO FOUND HER #1 ALLY? This girrrrrrrrrl. We started talking even more with Andrew about multiple things and then, after a few times trying to talk with him about our tribe mates, he told me that he talked with a few but they weren't very talkative. That's what really happened to me, and then he told me that he'd love to stick with me. I love this, i'm going to try to pull Andrew in our weird alliance but we need to be majority and I need my ally with me, very closely. Adi is so fucking weird i mean, i asked what she was doing and she replied "totes" and that's all... She doesn't show any interest in talking so me so bye, sister. Talking with Jaylen rn a little bit...

Alright let's get this shit rolling! I was going to wait for the whole tribe to get to camp but apparently CC's pulled a GC and gone completely AWOL.

So off the bat, I have my own alliance! Not that I needed one, because CC would be the vote even if they got lost on the way to Tribal, still, always nice to get the extra comfort level.

I'd say I'm pretty close to Shane in the alliance, and Barney, who is unfortunately out of it. Me & Shane have a pretty similar sense of humour, so we bounce off each other well. There's a few concerns that other people could see us as tight, but as long as we're both active, we should be gucci.

Marcell & Akir are also in the alliance, but I feel no trust towards Akir, so I could push for him to go before Barney with no remorse.

- Abby (Lascar)

I'm making more connections with my tribe mates, and that's great! Gruff and I are super on the same level, and we're super tight already. I hope to be able to play with him for a long while! Jake and Rev are pretty nice as well. This is like the most welcoming and genuine first tribe I've ever been on, even though this is only my third ORG, haha. But what's weird is that Rob joined our chat, but hasn't talked much at all. Alex, on the other hand, hasn't even joined...Gruff and I agreed that he's the safest and probably most reasonable vote should we lose our first immunity challenge, since he just...hasn't talked. I'll see where this tribe takes me and decide from there!

- Ryo (La Chimba)

Alright I am in this game!!!! I am looking forward to it and it should be good. Atm an alliance has formed of Noavi, Eli and I which hopefully will turn into something more in the future. I am gonna give it my all and hopefully our tribe can win as many challenges as possible. CHEERSSSSSSSSSS.

- Tom (Antofagasta)

So today I found a leak for the new Hinds album. They're my favorite band and I had talked about them previously with Ryo and Jake so I shared the link with them to make them like me more. Seems like it worked :)

- Gruff (La Chimba)

Andrew confessional #2:

Day 2 in the books. Nothing too exciting to report. I continue to gel best with Eli. She claims the most of the others aren't giving her anything, which is exactly my experience too. While I still have the same reservations that I had yesterday about her, she's clearly the only one on this tribe that I'll be able to mesh well with socially. I think that may be good enough. I can't work with someone long term if they are keeping things close to the vest. Eli seems to at least be more open. We'll see if that gets us anywhere.

- Andrew (Antofagasta)

I told Andrew about the alliance and the few things that happened. This whole tribe is weird except Andrew and if NoAvi and Tom wants to be in the majority side, they should totally accept him in the alliance. I'll go saying that we need the numbers for future votes and stuff... Andrew is the person I trust the most in here. It feels almost like hell and i'm struggling to keep a conversation alive with our other tribe mates. I mean, whyyy? Can you just pretend that you care about this and answer my fucking messages? Thanks! I really hope we can win this challenge and i'm making sure. I'm going to do it hard only in this one, cause I don't want to be seen as a challenge beast... I'll keep that for merge ;)

- Eli (Antofagasta)

Alex keeps saying "ni **B B** a stiffy uh" and it's so fucking annoying. Fuck this guy, I can't wait to get him out of here.

- Gruff (La Chimba)

So apparently Rob told Ryo he doesn't like anybody on the tribe because they haven't talked to him? What a jackass. He hasn't said shit to me either. And Alex (who says his name is Aaron?) said he was in four other orgs so he'd probably forget this one. I wanted to get Alex/Aaron out first but I'd rather have an inactive tribemate than one who doesn't like me so Rob's my new target.

- Gruff (La Chimba)

rip tbh eli also wanted majority so andrew is in it now. hm idk what to do-andrew was my go to person for my f2 tbh. now with 4 people i can't really go astray for now,,guess i'll just bide my time

also sorry for sending a lot of confessional's i actually wanna have a long confessional for once ha also if there's a vl that sees this hi

- NoAvi (Antofagasta)

Akir's Confessional #1 (first time doing a confessional so forgive me if the format is off)

Wtf is this desert. Hello guys this is Akir "Don't call me Akir "Fpsrussia" Jeff" Jeff. Just wanted to briefly give my thoughts coming into the game, how I feel about my tribe, and so on. Essentially, I really don't like everyone because my ego commands me to dislike everyone. I will stay safe by pretending I don't though IOI

Anyways, I'm gonna go hit that mf yeet on some immunity challenges, get everyone to like me and then become a target because of that and then perform my signature Mastermind Akir magic. Also hopefully I'll use this time to learn the format of Survivor That's about it for this Sonic the Hedgehog Akir DR, please give this video 5 stars and subscribe please thank you

- Akir (Lascar)

Andrew confessional #3: so here I am with my usual premerge dilemma. I've got a pretty damn good score in this game, 35k. I really want to win this immunity, but I'm nervous about standing out. I'm traveling this weekend and can't be as active as I'd like. I'm a bit afraid that if we lost, I'd go home for not talking to people enough. That pushes me to want to submit my max... But people notice those things! I'll be making myself a big target which is the last thing I need right now. Ive also got a 20k score. That's probably safer. It could be the top score but it probably won't be top by a large margin. That's safer... I think I'll try to grt scores put of people today to get a sense of where I need to be. I'll need to get something lower too, just in case I end up deciding to sandbag it even more.

Eli got me added to a group with Tim and NoAvi. Seems like a pretty decent group but it's not very talkative. I need someone to overplay so I can hide behind them but that's not happening yet. Still early though. The fact that Eli told me about this group before they decided to invite me is a great signal of trust. I'm not crazy about being the last one in, but it's not too concerning at this time. We should be able to ride through the first couple of votes. Being somewhat inactive this weekend, I won't be able to make the connections that I need to make with everyone so I really hope it doesn't bite me in the butt.

- Andrew (Antofagasta)

Everything is going well so far. My alliance is solid and I even bonded with Ryo with a past experience that I wont go into detail too but we hit it off pretty well and I am respected more by him. If we lose this challenge there is something seriously wrong because we got someone who just try harded and hit 20k. LIKE WTFEEEEEE. I'm over here hitting 9k.

- Rev (La Chimba)

I'm so good at this space llama game. I'm a god damn llama legend. If we lose this challenge it definitely won't be because of me.

- Gruff (La Chimba)

Andrew confessional #4: My God these guys are terrible. Tim says he can't best 4k. Eli says she can't beat 6k. I'm going to be the top score with my sandbag score... I've still got hope that noavi has better than 15k. I don't want to be the top score. Canadia is mia. I've barely heard a word from Jaylen. Hopefully they get their acts together and submit. I suppose, though, if they don't then we'll have easy targets for the vote.

- Andrew (Antofagasta)

I think we're starting of this first challenge strong! Altogether, I hope I can count on my alliance members. I know for sure that Gruff is with me, but I need to solidify with Jake and Jev and then I'll be good to go! And the fact that Aaron and Rob aren't talking to anyone makes this even better! The less they talk, the more likely Jake and Jev are to gravitate towards my alliance with Gruff. I just need him to calm down though. Don't get me wrong, Gruff is a really nice guy, and I can already feel a friendship between us. Its just that he goes fifty steps ahead alllllll the time. And when it comes to the beginning of the game, worrying whether or not you'll be perceived as a challenge threat in the first challenge isn't what we should be focusing on. But I like the guy! I'll continue to work with him, and hopefully go far with him. -Ryo

- Ryo (La Chimba)

yo whaddup my nama chef, I'm 18, and I never fuckin learned how to read! Also I am excited to play this series. I just hope that I do not forget to do confessionals, I don't want to be a flop winner like TJ haha (fuck you TJ)

Okay I am going to try my best in this ORG but keep in mind I am also in:

-Alex&Rivers Survivor South Korea -Nic&Kat Survivor Columbia -Raf&Beo Survivor Botswana -Nick Big Brother 11 -Hannah&Sommer Big Brother (lol) -Boar's Mole -And I may be playing Smash&Lenny's Survivor 6

Also I am hosting:

-JRZ BB All-Stars (hmu for spec link) -Survivor West Side (hmu for spec link) -Urban Survivor New Orleans All-Stars (hmu for spec link)

So anyway, this was not just a way to plug my endeavors, I may have a few slip ups or be inactive sometimes because of my 9 million orgs, college life, and personal life. IDK why I signed up for so many at once but if I am one thing, its iconic, and I promise, hosts and specs, even if I flop, I will have at least tried to the best of my ability to play well and entertain you all :)

- Rob (La Chimba)

I haven't made a confessional yet because I've been so busy, but it's never too late to start! My tribe is so dead so far. Sure I've been slacking a little bit with conversing because of school, but they literally are online sometimes and not responding to PMs, then they'll respond hella quick in the tribe chat. It's aggravating. NoAvi has already offered me an F2... Yikes. We've BARELY had a conversation, so what's to keep him from doing the same with others? I'll keep an eye on him. I think my tribe will win this challenge, and if we don't I think I'll be fine honestly. At least I hope lmao. We'll see how things go, I guess.

Update: Right after this message, Avi added me to a F2 alliance chat with the hosts. PMs are SHOOK! I'm screamingggg!

- Jaylen (Antofagasta)

This morning I talked with NoAvi and Tom and I asked NoAvi if he had someone else in mind because we needed majority. I was so relieved when I saw that NoAvi said Andrews name... and we have someone in mind if we lose, too. Adi, like I said before, acted weird. NoAvi told me that the same thing happened to him so we came to an agreement and for now, she is going home. We dont have to worry. Im usually very good at challenges but in this one, im super bad lmao. It can be a good or a bad thing, depending on on this: It can be good because they dont see me as a challenge beast for now but we can lose too. Giving more confessionals in a few minutes.

Im worried. I know that Abby isnt in my tribe for the moment, but I cant avoid feeling this way. I kinda flipped on him in the last ORG i played and im worried that he stills bitter. If thats the case, im fucked up. Im so happy that I finally have the opportunity to play with Rob again, since last time we didnt really work together. I used to play very hard and now im of course working on that, so im going to let somebody else be the leader while im quiet. Im focused on forming bonds with some people in particular since for me, having a social game its the most important thing. I really hope we win the challenge and if not, i hope im not next.

- Eli (Antofagasta)

We won the challenge even though rev and Alex didn't submit. Mainly because me and Jake scored so high. Pretty much solidifies that Ryo and Jake are the people I want to work with.

- Gruff (La Chimba)

Fuckin...Gruuuuuuuuff...aw, damn, Gruff. Why you gotta ask about idols in front of people we're tryin to impress, buddy? We're tryin to impress them, not sketch them out!

Part of me has to wonder if there actually are any idols...I've yet to find one in any ORG I've been in, I've only ever had allies who had one. If I could find it, it'd be preferable, since that gives me a bit more power over my fate in the game, but I haven't even found a hint that they're in this season at all. I'll make an effort to keep more of an eye out in the future. -Ryo

- Ryo (La Chimba)

I think I've decided to change my brand, i'm no longer going to be the vulture, I'm pulling off an intentional matsing ;) yeah definitely an intentional one.

So I think Barney's probably taken Marcell's place in the alliance, which is shit, since he's just the next boot if we go. I could force a tiebreaker but idk if that would be Rocks or Firemaking, and no offence but I ain't taking rocks premerge, in fact I've done rocks twice, and i only had an idol both times.

So yeah, CC's gone. Maybe I'll submit my score next time

Shane's acting weird af, guess we are pulling an intentional matsing after all

-Abby (Lascar)

Votes

I am voting for Barney because CC is just a bye in the game who is cool to keep around. Barney is one of two people in our tribe not in the Baby Muppets alliance and if we get Barney out we still have CC if need be.

-Akir (voting for Barney)

Looks Like I am voting for Barney now!

Shane's acting weird af, guess we are pulling an intentional matsing after all

-Abby (voting for Barney)

Sorry CC :(You don't exist!!!

-Barney (voting for CC)
