

Ashish Bandari - Resume

📞 Phone: +91 96186 44062

✉ Email: ashishbandari55@gmail.com

🌐 Portfolio: ashishbandari-portfolio.lovable.app

📍 Location: Hyderabad, Telangana, India

👤 **Objective**

A focused and self-motivated 10th class student with strong interests in technology, productivity, and education. I design apps and websites that help students focus, learn smarter, and manage their screen time. With strong Python and web development skills, AI integration experience, and a passion for music, I aim to become a Gen-Alpha full-stack creator.

Education

 Telangana State Board – Class 10 (2025–2026) Currently Pursuing | Expected Completion: March 2026

Location: Hyderabad, India

Technical Skills

Languages :

Python, JavaScript, HTML, CSS

Backend :

Firebase (Realtime DB, Auth), Supabase (Advanced), Flask (Python APIs)

Frontend :

Flutter (UI Design), JavaScript, HTML/CSS

Tools :

Git (Proficient), VS Code, Canva, GitHub

AI Integration :

Flask-based AI approval system, Local LLMs, Motivational content AI.

Others :

App Logic Design, Student UX Planning

Soft Skills

 Goal-Oriented & Disciplined

 Clear Communicator

 Self-Starter & Fast Learner

 Creative and Logical Thinker

👉 Team-friendly and Responsible

Projects

📱 StudySmart with AB – AI-powered Focus App

(Kotlin + Flutter + Python + Firebase + Supabase + Java)

A cross-platform productivity app that helps students stay focused, block distractions, and build good habits.

🔒 Blocks apps and websites using Firebase lists

💬 Unblock request system (with AI-based reason checking)

⌚ Allows temporary 5-minute access with usage monitoring

🎥 Shows motivational video if unblocked

📊 Daily usage reports + student dashboard

🔧 Firebase Realtime DB + Supabase APIs

🧠 Flask API used for AI decision making

✅ Quiz Game:

CLI app with score tracking

✅ Motivation Timer:

Focus + Pomodoro timer with motivational quotes

✅ Simple Chatbot:

Text-based chatbot using conditionals

✅ Calculator App:

Console-based calculator

🎵 **Music Mastery**

 Expert in playing:

Drums, Jazz Kit, Rhythm Pad, Tabla, Dholak, Congo

 Also plays:

Mouth Organ (Harmonica)

 Uses rhythm training to improve focus, memory, and creativity

 Composes practice beats and tracks for personal use

Certifications

 Python Beginner Certificate – ChatGPT, May 2025

 Python Intermediate Certificate – ChatGPT, June 2025

 Flask API & Supabase Auth Mastery – Self-built, Practical Project-Based

Interests

 Learning AI, automation, and productivity tools

 Building apps to solve real student problems

 Exploring the link between music and learning

 Developing websites & dashboards

 Independent learning and tech blogging (coming soon)

Strengths

 Thinks differently from traditional learners

 Wakes up early to plan and code

 Strong self-discipline and consistency

 Builds with purpose: every project helps students or self

Student Portfolio Website (Live)

Built with HTML/CSS/JavaScript and hosted with Firebase

 Link: ashishbandari-portfolio.lovable.app

 Integrated with Firebase backend

 Includes resume, study plans, project links, and personal content

 Designed for students and self-learners
