I - Introduction:

**Purpose:** This document was written to detail all rules to be followed on the official SCP RP discord server. This document includes the rules, the respective punishments and the way to deal with more severe punishments such as muting, kicking or banning. The rules are to be followed by everyone. The current warning chain comprises of:

**3 Mutes = Warning 1** (upon 3rd mute, you will be given a standard 48h (1st Mute: 12h, 2nd Mute: 24h, 3rd Mute: 48h and a warning which is logged onto your user)

**Warning 2 = 24h Ban**

**Warning 3 = Perm Ban**

**Moderator's Roles:** Any individual with the role "Discord Moderator" or "Senior Moderator"+ are individuals capable of enforcing the discord's rules.

**Rule Enforcement:** Every time a rule is broken, the individual breaking said rule is to be issued the correct punishment said for such offence. **Note:** Please do not argue with moderators, with 'what or what not you did wrong', even if it is/not mentioned in the rules they know best and are acting strictly on protecting the discord community revolving SCP: Roleplay. This only causes more problems for yourself, we know what we're doing.
